

Directions to the Hilton St. Petersburg Bayfront

MAPS & DIRECTIONS

[Bing Terms of Use](#) | [Bing Privacy Policy](#)

DIRECTIONS FROM THE HOTEL STAFF

The Hilton St. Petersburg Bayfront hotel is located in the heart of the waterfront district. This hotel near Tropicana Field is located across the street from The Dali Museum and the Mahaffey Theater. Ask our friendly St. Petersburg hotel staff for directions to nearby attractions like Jannus Live, Tropicana Field, or one of many white sand beaches in the area.

From Interstate 275, take Exit 22: Interstate 175, which is the same exit as that for the Bayfront Center. At fourth traffic light turn left onto 1st Street S. The Hilton St. Pete Bayfront hotel is two blocks on left at 333 1st St S.

All meetings will be held in the St. Petersburg I & II Meeting Room

 - Last conference call was on May 19, 2017. Item discussed was DEM staff changing and moves, also discussed the project box and prioritize all projects, project box posted on SharePoint/ TTF. The MOU between the USCG and DEP in progress.
- V. Current Business
 1. Hazmat Symposium – Jonathan Lamm
 - The 5th Annual Florida Hazardous Materials symposium in conjunction with Florida Fire Rescue in Daytona beach was a huge success, Mr. Lamm said there were 346 pre-registered (14% increase), 341 attendees (12% increase) and 24 vendors. He also mentioned there were thirty-one different classroom training events held, six hands-on and that's total of fifty-two training classes. In addition, Mr. Lamm thanked Volusia County, FDEM Staff, SERC & the LEPC's for their support and looking forward for the 2018 Hazmat Symposium.
 2. Hazmat Team Assessment Progress – Scott Chappell
 - Mr. Chappell talked about conducting the Hazmat Team Self-Assessment and site visit to identify specific gaps and trends across the state that can be the focus of future training or equipment purchases. The goal will be in increase overall hazmat response capability around the state by identifying gaps and then working to fill those gaps. Mr. Chappell is expecting all Self-Assessments and Site-Visits will be completed and ready to discuss by the October TTF and SERC meetings.

3. Prioritize Project Boxes- Matt Marshall

- Mr. Marshall said all active projects can be found on SharePoint website under TTF active projects, and we will in more detail during the next TTF Conference Call.

4. DEP Notification Rule- John Johnson

- Mr. Johnson said the pollution rule will require owners and operators of any installation to provide notices to the Department, local government officials, and the public whenever there is an incident or discovery of pollution at an installation within 24 hours, however; the rule not effective yet, but should be soon.

VI. New Business

VII. Update from Agencies and Organizations

1. Florida Fire Chief's Association (Chief Murphy)

- Chief Murphy was unable to attend due to an emergency workshop.

2. Florida Association of Hazardous Materials Responders (Matt Marshall)

- Mr. Marshall and Mr. Chappell are conducting the Self-Assessment and site visit to identify specific gaps as well as trends across the state that can be focus of future training or equipment purchases. The goal will be in increase overall hazmat response capability around the state by identifying gaps and working to fill them.

3. Florida State Fire College (Scott Chappell)

- Mr. Chappell is working to assist teams as they develop their capabilities and search for funding as they build out regional resources that may exceed the local need but are vital in building a robust state emergency response system. Additionally, Mr. Chappell is providing his assistance to help facilitate hazmat training as well as the approval of hazmat training in FCDICE.

4. Florida Department of Health (Bobby Bailey)

- Mr. Bailey said the state labs are conducting full-scale exercises and collaborating with the hospitals annually. In addition, Mr. Bailey suggested to link the LEPC's due to the planned chemical exercise and he hopes by the following year, they will be involved.

5. Other Agencies and Organizations

- Mr. Lamm announced that the white paper been sent out for the following year Hazmat Symposium.

VIII. Upcoming Events

1. Schedule Next Conference Calls

- June 21, 2017 @1:30 PM.

2. Next Scheduled Meeting – July 20, 2017 – Hilton St. Petersburg

IX. Adjournment

June 20, 2017

Ms. Al-Asadi:

The Northeast Florida Local Emergency Planning Committee is requesting the addition of two (2) primary members and two (2) alternate members.

We also have one (1) member that should be removed from the membership list. They are:

Add Primary Member:

1. Michael Laycock – Facility Operator – Florida Gas Transmission Company
2. John Coffey – Hospital – St. Vincent’s Healthcare System Jacksonville

Alternate Member:

1. Rick Barrett – Facility Operator – Florida Gas Transmission Company
2. Rich Ward - Hospital – Orange Park Medical Center

Please Remove:

- Primary Member – Don Burdon – Hospital

As Chairperson of the Northeast Florida LEPC, please consider my request for the following nominations. I have reviewed the nominations and approve of their submittal.

Thank you for your assistance in the membership nomination process. Please do not hesitate to contact me or LEPC staff regarding this or future membership changes.

Sincerely,

Chief Richard Knoff, Clay County Fire/Rescue - Retired
Chairperson, Northeast Florida LEPC

RE: LEPC Membership (Alternate)

To whom it may concern:

I respectfully nominate Mr. Richard (Rick) Barrett as my alternate representing Florida Gas Transmission Company (FGT) on the Local Emergency Planning Committee (LEPC). Rick has over 40 years of natural gas pipeline experience with FGT and has extensive experience in Damage Prevention and Public Awareness. Having him available to the LEPC will be a positive contribution for the group.

Thank you in advance for your consideration. If you need any additional information, please feel free to contact me.

Sincerely,

Michael Laycock

RE: LEPC Membership (Alternate)

Mr. Anderson:

I respectfully nominate Mr. Richard (Rich) Ward as my alternate representing the Hospital category on the Local Emergency Planning Committee (LEPC). Rich is the Safety and Security Director at Orange Park Medical Center in Clay County. Having him available to the LEPC will be a positive contribution for the group.

Thank you in advance for your consideration. If you need any additional information, please feel free to contact me.

Dear Ms. Al-Asadi:

On behalf of the East Central Florida LEPC, we have made the following changes to our LEPC board:

- Jonathan Lamm - Training Task Force Chairperson
- Joseph Silvestris - Training Task Force Vice Chairperson

I would like to make the following changes and recommendations regarding the individual's applications for membership:

Please add the following Primary Members:

- Ken Fowler – Facility Owners & Operators Category - replace Mark Sawaska
- Robert Fickett - Fire Fighting Category - replace Anthony Cuellar

Please add the following Alternate Members:

- Rick Barrett – Facility Owners & Operators Category – (Primary Jim Burrow)

We would also like to remove the following memberships based on inactivity or change in careers:

- Joseph Glenn
- Whitson Kendall
- Bill Litton
- Theresa Madison
- Charles May
- Robert Robertson, Jr.
- John Stahl

Please do not hesitate to contact myself or LEPC staff coordinator, Michelle Cechowski, regarding this or future membership nominations and category expansions.

Sincerely,

Butch Loudermilk
East Central Florida LEPC Chairperson

**SUBJECT: Tampa Bay LEPC Membership Change(s) for July 21, 2017
SERC Meeting**

Dear Ms. AlAsadi:

This correspondence serves as a request for the following Tampa Bay LEPC membership changes in association with the July 21, 2017 SERC meeting:

- ▶ **addition** of Mr. Christopher DePolis ("Primary") and Mr. William "Marty" Prickett ("Alternate") from Hillsborough County Sheriff's Office [CATEGORY: LAW ENFORCEMENT];
- ▶ **addition** of Mr. David St. Pierre ("Primary") from Manatee County Port Authority [CATEGORY: TRANSPORTATION];
- ▶ **addition** of Mr. Sean Sullivan ("Alternate") from Tampa Bay Regional Planning Council [CATEGORY: NON-ELECTED LOCAL OFFICIAL];
- ▶ **addition** of Chief Mark Bogush ("Alternate") from Tampa Fire Rescue [CATEGORY: FIREFIGHTING];
- ▶ **addition** of Mr. Jay "Steve" Litschauer ("Alternate") from Manatee County Emergency Management [CATEGORY: EMERGENCY MNGT.];
- ▶ **removal** of Ms. Amanda Shaw ("Primary") and Mr. Christopher DePolis from Hillsborough County Sheriff's Office [CATEGORY: LAW ENFORCEMENT];
- ▶ **removal** of Mr. Adam Grable ("Primary") and Mr. David St. Pierre ("Alternate") from Manatee County Port Authority [CATEGORY: TRANSPORTATION];
- ▶ **removal** of Mr. William "Avera" Wynne ("Alternate") from Tampa Bay Regional Planning Council [CATEGORY: NON-ELECTED LOCAL OFFICIAL]; and
- ▶ **removal** of Chief Bryan Riley ("Alternate") from Tampa Fire Rescue [CATEGORY: FIREFIGHTING].

4000 Gateway Centre Boulevard, Suite 100 | Pinellas Park, FL 33782-6141
Phone: (727) 570-5151 | Fax: (727) 570-5118 | www.tbrpc.org

Please note that two Primary/Alternates are simply being replaced for two entities and three Alternates are being designated and/or replaced. Therefore, these modifications will have NO bearing on individual Category membership or the overall membership number of the Tampa Bay LEPC. TBRPC's overall membership number will remain at 45 members.

If you should have any question(s), please do not hesitate to contact me at 727/570-5151 ext. 29. Thank you.

Sincerely,

John Meyer, Tampa Bay LEPC Coordinator

Subject: Nominations for Appointment and Quarterly Hazmatters

Dear Ms. Al-Asadi:

The Treasure Coast Local Emergency Planning Committee (TCLEPC) received four (4) primary and five (5) alternate nominations for consideration of appointment by the State Emergency Response Commission (SERC) and the nominations and requests are enclosed. This increases the total membership from 34 to 38 members.

After review of the SERC Agenda LEPC Occupational Categories by region, there were found to be a couple of discrepancies. I have enclosed a copy of the current Members by Occupational Category document to confirm you have accurate data for the TCLEPC. Finally, four (4) of our primary members are educators and have been moved from the Interested Citizen category to the Education category. These edits are reflected on the enclosed document.

In addition, the Treasure Coast LEPC Hazmatters detailing quarterly activity is enclosed.

Contact me at your convenience with any additional information you may require.

Sincerely,

Kathryn E. Boer
Emergency Programs Director
Treasure Coast LEPC Coordinator

Mr. Frank Lasaga, Chairman
Treasure Coast LEPC

Subject: Primary member becomes Alternate member

Dear Mr. Chairman:

Treasure Coast LEPC primary member Dan Wouters will become the alternate member to William Pecci, category emergency management for Martin County. Mr. Wouters expressed he wishes to be the alternate due to time conflicts interrupting his meeting availability on a steady basis. Mr. William Pecci was nominated as a primary member in 2016 however Mr. Wouters was not nominated for the alternate position. Mr. Wouters serves Martin County as the Emergency Management Agency Director and therefore no longer serves in the Firefighter category but rather emergency management.

Mr. Wouters' alternate nomination form is thereby being submitted for formal appointment to the State Emergency Response Commission (SERC).

Please contact me at your convenience with any additional information you may require.

Sincerely,

Kathryn E. Boer
Emergency Programs Director

MEMORANDUM - #11-17

TO: Members of the State Emergency Response Commission
(SERC) for Hazardous Materials

FROM: Bryan W. Koon, Chairman

SUBJECT: Financial Status Report

SUMMARY: This memorandum presents information on the financial status of the Hazardous Materials Planning Program and the Risk Management Program (RMP). Table I displays revenues received through annual fees and penalties by the two programs. The data for Fiscal Year (FY) 2014-2015, FY 2015-2016, and FY 2016-17 through May 31, 2017 are provided for comparison.

Table II displays the budget and expenditures (by category) related to the Hazardous Materials Planning Program for FY 2015-2016 and FY 2016-2017 as of May 31, 2017. Table III presents the same financial information for the Risk Management Program.

Ongoing outreach efforts are making a positive impact on the financial stability of the Operating Trust Fund (OTF). As always, our goal is to ensure the OTF remains fiscally sound in its ability to support the citizens of Florida through the SERC, LEPC Staff, contracts to the Counties and the support staff at the Division.

Director

June 20, 2017

MEMORANDUM - # 12-17

TO: Members of the State Emergency Response Commission
(SERC) for Hazardous Materials

FROM: Bryan W. Koon, Chairman

SUBJECT: Hazardous Materials Incidents Report

SUMMARY: The attached tables and graphs provide information on all hazardous materials incident reports received by the State Watch Office for the period of up to January 1, 2007 through November 30, 2016. Incident reports are reviewed by staff on a daily basis for compliance with Section 304 and other provisions of the Emergency Planning and Community Right-to-Know Act (EPCRA) program. They can also be used to identify facilities that may have an obligation to report under the Risk Management Planning (RMP) program.

The "Potential Section 304 Investigations" information in Table 1 is listed by Local Emergency Planning Committee (LEPC) District. These are incidents involving the release of an Extremely Hazardous Substance (EHS) or a Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) chemical at a fixed facility. In order for an incident to be covered under Section 304, the EHS or CERCLA chemical must meet or exceed its designated Reportable Quantity (RQ) and have potential for offsite exposure. Those facilities found not to be in compliance with all Section 304 reporting requirements are referred to the Division of Emergency Management's General Counsel for possible enforcement action. The incidents listed in Tables 2 and 3 cover hazardous materials incidents for which evacuations, injuries and/or deaths were reported. The numbers for these tables were obtained from the State Watch Office incident reports, as well as other sources. This information is still being recorded and is available upon request.

The figures in Graph I show the total number of hazardous materials incidents per year (including Section 304) reported to the State Watch Office for the period of January 1, 2007 through May 31, 2017. The figures in Graph II compare incidents that occurred at fixed facilities to those involving transportation-related incidents during the past 12 months (March 1, 2017 through May 31, 2017). And note that the incidents in Graph II have been further refined to list petroleum vs. non-petroleum incidents for both fixed and transportation related incidents.

STATE OF FLORIDA

DIVISION OF EMERGENCY MANAGEMENT

RICK SCOTT
Governor

BRYAN W. KOON
Director

June 20, 2017

MEMORANDUM - # 13-17

TO: Members of the State Emergency Response Commission
(SERC) for Hazardous Materials

FROM: Bryan W. Koon, Chairman

SUBJECT: Update of Staff Activities and Reports by Section

SUMMARY: This is to provide the SERC with a status report on the number of reports filed under the Emergency Planning and Community Right-To-Know Act (EPCRA) and the Florida Accidental Release Prevention and Risk Management Planning (ARP / RMP) Act. It also provides an update on staff activities. The following is a breakdown of the number of notifications or reports that have been filed under EPCRA, by section, and the number of hazardous materials incidents reported to the State Watch Office.

Year 2016 / Section 302 - 312

Facilities in E-Plan as of June 2, 2017: 11,230

Potential Section 304 - Emergency Release Notifications

March 1, 2017 to May 31, 2017: 22

Hazardous Materials Incident Reports - January 1, 2007 through May 31, 2017

Totals	2214	2090	2090	1625	1494	1615	1304	1631	1779	1915	680

A. Meetings/Exercises

Staff attended the Regional Response Team (RRT) IV Spring 2017 meeting in Columbia, SC (March 7-9, 2017). Staff attended the Introduction to Pipeline Safety Regulations training in Denver, CO (March 14-15, 2017). Staff participated in the Emergency Responders' Networking Conference (North) at the Saint Lucie Emergency Operations Center (EOC) on March 28, 2017. Staff participated in the Emergency Responders' Networking Conference (South) at the Ann Kolb Nature Center, Hollywood, FL (March 30, 2017). Staff attended the National Radiological Emergency Preparedness Conference, Inc. (NREP) 2017 Annual Conference in Grand Rapids, MI (April 10-13, 2017). Staff participated in the Statewide Hurricane Exercise at the State Emergency Operations Center (SEOC), May 1-4, 2017. Staff participated and attended the National Association of SARA Title III Program Officials (NASTTPO) Annual Training Workshop in Cocoa Beach, FL (May 8-12, 2017).

B. Verification

As of June 5, 2017, there were 11,320 facilities reported in E-Plan for the year 2016. This total is within 97% of what was reported for the prior year. Staff is currently working on an exemption list of sites that reported for year 2015, but not year 2016 (total of 2,175 sites listed).

The attached graphs provide information on Tier II and various activities conducted by the verification staff. The "E-Plan Filing - Total Facility Count" by LEPC graph (see Graph I) displays the total number of facilities by LEPC that have year 2016 Tier 2 data in E-Plan (as of June 5, 2017). Graph II depicts the number of technical calls (per month) received by staff for the period of June 1, 2016 through May 31, 2017. Finally, Graph III depicts the total numbers of facilities & chemicals in E-Plan by year for the last six reporting years (2011 through 2016). For the period of March 1, 2017 through May 31, 2017, staff processed 11 refund applications for \$ 10,097.50.

C. Risk Management Planning

Section 112(r) Stationary Sources - Risk Management Plans

Total Facilities	272
Program Level 1	8
Program Level 2	40
Program Level 3	224
High Risk	39

D. Radiological Emergency Preparedness (REP)

Kimberly Sharkey is now the Lead Radiological Planner. If you need any information, please email her at Kimberly.sharkey@em.myflorida.com

E. Public Information/Technical Assistance

Staff handled technical assistance calls and provided outreach assistance calls totaling 1,425 for the period of March 1, 2017 through May 31, 2017.

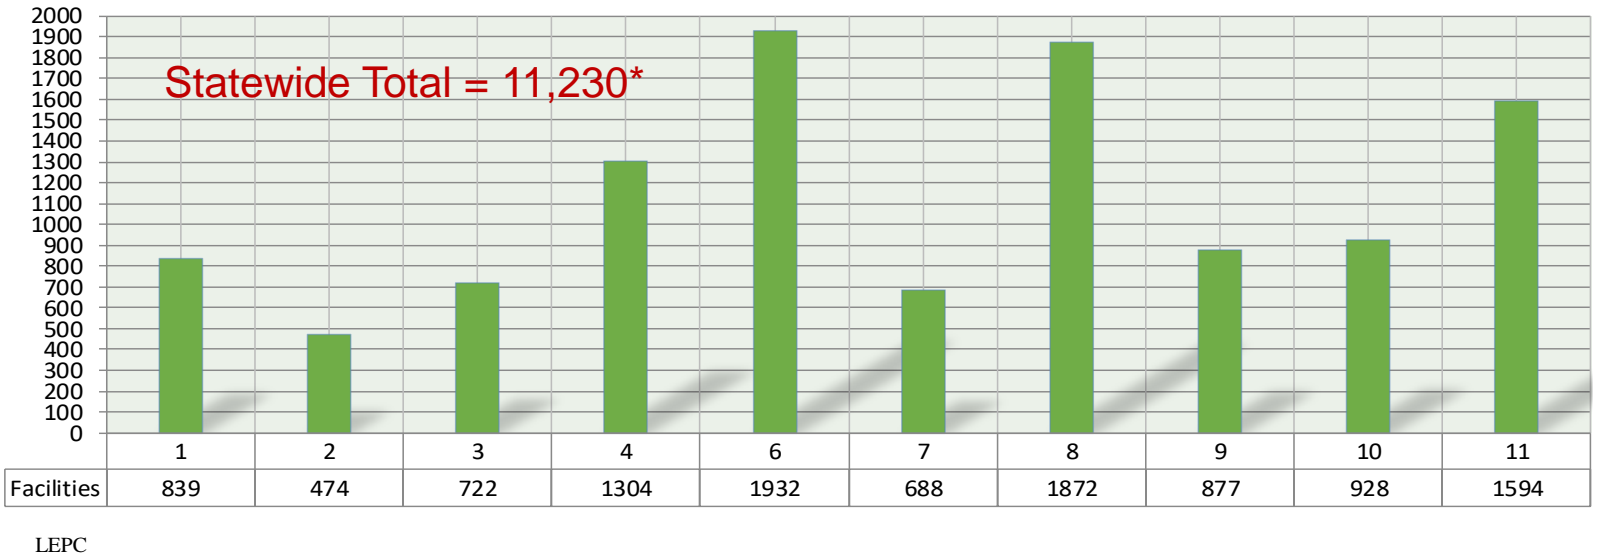

G. Notices

No Potential Notice of Violation letters were prepared for the period of March 1, 2017 through May 31, 2017.

June 1, 2016 to May 31, 2017

GRAPH II

Florida Tier II Chemical Data in E-Plan

**Volume 33, Number 3****West Florida Regional Planning Council**

Serving Bay, Escambia, Holmes, Okaloosa, Santa Rosa, Walton and Washington Counties.

The West Florida Local Emergency Planning Committee held a meeting on Wednesday, April 19, 2017, at the West Florida Regional Planning Council in Pensacola, FL. Staff provided a presentation of the LEPC's Shelter-in-Place (SIP) tools. Items of discussion included the LEPC's SIP puppet show and SIP demonstration house.

Education and Public Awareness Subcommittee

The subcommittee is discussing SIP outreach in schools for our Hazmat Awareness Week, scheduled for the week of August 14th. Items of discussion included developing a flyer for the event. The subcommittee is also looking for volunteers to coordinate the event in each county. Promotion of the Hazmat Awareness Week will include county proclamations, press releases on the 14th, and the quarterly LEPC meeting on the 16th.

Exercise Design Subcommittee

The LEPC held a tabletop exercise, the Tanker Incident Exercise, on May 23, 2017. The exercise tested several functions of the LEPC Comprehensive Emergency Management Plan. One issue of concern to the planning team was the notification process for additional resources.

Planning Subcommittee

This year's planning project is the On-Site Assessment of or Needs Assessment Survey for Hazardous Materials Teams. The teams are currently completing their self-assessments, with site visits scheduled for July and August.

Training Subcommittee

The subcommittee reviewed the LEPC's Training Policy and Guidelines for July 2017 through June 2020, with very few changes recommended to the current policies. The LEPC co-sponsoring a 160hr Hazmat Tech hybrid course that was completed on April 29th.

The next meeting will be held on August 16, 2017 at the new Ocean City-Wright Fire District facility in Ft. Walton Beach, FL.

If you have questions, please contact Kathy Ahlen at West Florida Regional Planning Council at: (850) 332-7976, ext 210.

Apalachee Regional Planning Council

Calhoun, Franklin, Gadsden, Gulf, Jackson, Jefferson, Liberty, Leon, and Wakulla Counties.

The Apalachee Local Emergency Planning Committee held its most recent quarterly meeting on June 19, 2017 at the Capital Area Chapter of the American Red Cross. This meeting discussed the provided an opportunity to the next meeting of the Apalachee LEPC is tentatively scheduled for August, 2017. As always, anyone interested is welcome to attend.

The following is a summary of recent LEPC activities over the last quarter:

Hazardous Materials Training

Staff worked to create a training schedule for Leon County Emergency Medical Services for 150 personnel to receive Awareness level refresher training. Staff is also working to coordinate a 24-hour HAZWOPER training course as well as a 40-hour training course per demand.

<i>Date</i>	<i>Class</i>	<i>Students</i>
6/29/2017	8-hour OSHA Technician-Level Refresher	24
9/13/2017	8-hour OSHA Technician-Level Refresher	24
9/2017	24-hour OSHA Technician-Level Course	24
TDB	40-hour OSHA Operations-Level Course	TBD

Public Outreach

Staff participated in the “Build-Your-Bucket” Disaster Preparedness Fair events for Leon County and Wakulla County in on May 13, 2017 and June 3, 2017 respectively. Staff gave a Shelter-in-Place “dollhouse” demonstration and distributed informational flyers at both of these events. The events were both extremely successful.

HMEP Planning Project

For the 2017 planning project, Apalachee LEPC staff will use the previously completed commodity flow study to update the CEMP of each county and create standard operating procedures for the specific hazardous materials being transported through the region. This will also include the data collected from the CSX density flow study, which will be used in conjunction with the commodity flow study for this project.

Other Staff Activities

Staff has worked to revamp the Shelter-in-Place “dollhouse” demonstration and information flyers. The new flyers have been well received so far at local public outreach events.

As of July 5, 2017, Zach Annett has taken over the position of LEPC Coordinator for the Apalachee region.

North Central Florida Regional Planning Council

Alachua, Bradford, Columbia, Dixie, Gilchrist, Hamilton, Lafayette, Madison, Suwannee, Taylor, and Union Counties

The North Central Florida Local Emergency Planning Committee last met on June 1, 2017, at the Columbia County Emergency Operations Center in Lake City. Agenda items included a change in the counties included in the LEPC District, the update of the plan, and upcoming training classes. A biennial exercise was held in the afternoon following the LEPC meeting.

An Executive Order filed by Governor Scott on April 25, 2017, transferred Marion County from the North Central Florida Regional Planning Council to the East Central Florida Regional Planning Council, as requested by the Marion County Board of County Commissioners. The LEPC thanked the members from Marion County for their support in increasing hazardous materials preparedness and provided contact information for their new District. East Central was able to immediately take over sponsorship of an air monitoring class that was already scheduled in Marion County.

First Responders

The Committee discussed hazardous materials training classes for first responders to be held during the remainder of the calendar year. It was decided to renew the focus on preparing operations level departments to get off to a good start in the event of a release since it may take a while for technician-level mutual aid assistance to arrive. Classes to be offered include hazardous materials incident management, operations refresher, and perhaps an NFPA Operations Plus on air monitoring. A HazmatIQ: Above the Line, Below the Line class is scheduled for July 13, 2017, in Gainesville.

Each county is requested to report on hazmat incidents and training classes during the LEPC meeting. One noteworthy incident involved discovering mercaptan still in a storage tank at a municipal odorizing station for natural gas. The group also discussed recommendations for the Pipeline Emergency Responder Initiative (PERI) in light of lessons learned in completing a Pipeline Technical Assistance Grant from the U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration.

Public Information

The LEPC discussed providing Shelter In-Place training for the public and facilities near Section 302 sites. An LEPC member was acknowledged for giving a presentation to the High Springs Women's Club using LEPC provided PowerPoint and the Shelter In-Place demonstration house. The goal is to distribute flyers to critical facilities in each county and increase awareness that information is available on the ncflepc.org webpage where fire departments and emergency management agencies can download materials and link to that site.

The update of the Local Emergency Planning Committee plan was discussed. Items identified for change this year include removing medical facilities that were added for Marion County as well as an expansion of the description of the NIMS incident command

system. Information to be added includes a summary of the commodity flow study results completed in September 2106.

Biennial Exercise

Following the meeting and lunch, a biennial tabletop exercise was conducted. The scenario was based on an actual incident where 8,000 gallons of aviation fuel were spilled on U.S. 301 in Alachua County earlier this year. However, in the tabletop scenario the incident occurred near the Columbia County / Lake City jurisdictional boundary. To complicate matters, a chemical suicide was discovered in the second module. In the final module the leaking fuel exploded and responders then needed to plan for an additional operational period. Northeast LEPC staff assisted with the exercise.

Staff Activities

Staff attended the most recent Local Emergency Planning Committee Chairs/Staff, and SERC meetings, as well as chairing the Hazards Analysis Working Group meetings. Staff continues to provide administrative support for the North Central Florida Regional Hazardous Materials Response Team. Staff attended this year's National Association of SARA Title III Program Officials conference and gave presentations on the Hazards Analysis Working Group survey and three recently completed tabletop exercises focusing on the natural gas pipeline compressor stations located in our district. Staff also served as lead evaluator for the 2017 Statewide Hurricane Exercise conducted at the State Emergency Operations Center.

Northeast Florida Regional Council

Baker, Clay, Duval, Flagler, Nassau, Putnam and St. Johns Counties

The quarterly meeting of the Northeast Florida Local Emergency Planning Committee was held on May 24, 2017 at the offices of the Northeast Florida Regional Council in Jacksonville, Florida. Each meeting has been tailored around subcommittee reports on initiatives taking place at the local level, followed by presentations and discussions of a specific issue area.

The main topics of discussion were the Florida Pipeline Emergency Responders Initiative (FPERI) and the LEPC/CSX 2017 Training and Exercise Initiative.

The Northeast Florida Local Emergency Planning Committee recently partnered with CSX to develop and implement a training and exercise program tailored towards improving response capabilities for train incidents. This was a 3 stepped approach:

- 1) Provide awareness level training at local fire departments in the region
- 2) Provide technician level training to the 3 regional hazmat teams using the CSX Safety Train.
- 3) Conduct a regional exercise to test the capabilities gained in training.

Throughout the spring of 2017, the LEPC and CSX offered 16 awareness level courses at Fire Departments in the region. A total of 218 responders attended this training. CSX staff and contractors provided an overview of common railcars and commodities that move through our region on a regular basis. They also provided the opportunity for responders to practice with a mobile training prop, with multiple types of railcar domes.

STATE EMERGENCY RESPONSE COMMISSION
2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2149
Phone: (850) 815-4319, Fax: (850) 488-1739

The awareness level training was followed up with technician level training. CSX provided their Safety Train to use for this training and the regional exercise. Responders were educated about railcar safety, common leaks and spills, and mitigation techniques for chlorine gas, LP gas, ethanol, and molten sulfur.

Upon conclusion the training, CSX and the LEPC planned and conducted a regional hazardous materials exercise. This exercise brought together the region's 3 hazmat teams from Clay County Fire/Rescue, Jacksonville Fire/Rescue, and St. Johns County Fire/Rescue.

The next quarterly meeting of the LEPC will be held at the office of the Northeast Florida Regional Council in Jacksonville on August 16, 2017.

STATE EMERGENCY RESPONSE COMMISSION

Training

Completed – Grant Funded courses

1. HazMat 160 Hybrid – St. Augustine – 20 people
 - a. HazMat IQ – 21 people
 - b. Propane IQ – 34 people
2. NASTTPO Conference – 3 people
3. HazMat 160 Hybrid – Nassau County – 20 people
 - a. HazMat Vessel Leak Containment & Patching – 30 people

Currently Running

4. HazMat 160 Hybrid – Clay County – 24 people
5. International HazMat Conference – St. Johns County

Completed - FREE Courses

1. CSX Operations - 119 people trained on the Safety Train
2. 16-hour Surface Transportation Emergency Preparedness and Security (STEPS) – St. Johns County – 20 people
3. LNG Awareness & Operations – May 8-13 at JFRD
 - a. Also received a \$1,000 grant from TRANSCAER to provide food and support for that training
 - b. Awareness Level - 56 people
 - c. Operations Level – 61 people

Upcoming - FREE Courses

1. Ethanol – Renewable Fuels Association
 - a. Aug 7-9 at JFRD
 - b. Aug 10-12 at Clay County F/R
2. Radiological Classes – Florida Department of Health
 - a. Nov 7-9 at JFRD - Operations
 - b. Nov 14-16 at Clay County - Operations
 - c. Nov 28-30 at Nassau County - Operations
 - d. Dec 12 – Clay County – Technician
 - e. Dec 13 – Nassau County – Technician
 - f. Dec 14 – JFRD - Technician

East Central Florida Regional Planning Council
Brevard, Lake, Orange, Osceola, Seminole and Volusia Counties

GENERAL ACTIVITIES

LEPC and TTF Chairs, along with the Staff Coordinator, attended the SERC meetings in Cocoa Beach, FL on May 8 & 9, 2017 in conjunction with the 2017 Annual NASTTPO Workshop.

The East Central Florida Training Task Force Subcommittee (TTF) and Local Emergency Planning Committee (LEPC) meeting was held Friday, June 2, 2017 at the Port Canaveral Maritime Center.

Keila Walker, Joe Silvestris, Jonathan Lamm, and Michelle Cechowski gave updates on the LEPC, TTF, and SERC meetings held a few weeks earlier.

As mentioned in our last HazMatters our TTF Chair, Rich Foster, announced he would be stepping down from his position due to his current assignment at work. During our quarterly LEPC meeting, we held nominations and a vote for the new TTF Chair - Jonathan Lamm is our new Chairperson!

Next Meeting Date: Tentatively August 18, 2017 at 10:00 a.m. at Volusia County EOC.

OTHER NEWS

On April 25, 2017, the Governor signed an Executive Order moving Marion County to the East Central Florida Regional Planning Council. Dwayne and Michelle have been working together to ensure a smooth transition for the LEPC members and prescheduled HMEP trainings.

Training Courses Conducted:

- HazMat Incident Command at the Deltona Fire Department: April 11-12, 2017;
- E-Plan for First Responders: April 24, 25, 26, & 27, 2017 in Orlando and Brevard County;
- SERP at Melbourne Fire Department: May 18, 2017.

Training Courses Planned:

- Air Monitoring Refresher at Ocala Fire Rescue: June 15 - 16, 2017;
- Responding to Toxic Exposures at Deltona Fire Department: August 15, 16, 17 of 2017.

HMEP PLANNING & TRAINING

The 6th Annual Hazardous Materials Symposium planning project has already begun. The website has been updated www.flhazmatsymposium.org to reflect some new changes for the 2018 symposium:

- The HazMat Team Competition will be held on Tuesday, January 16, 2018;
- The call for white papers is posted on the website. We are accepting submissions through July 31, 2017;
- We are holding a contest for artists to submit original drawings related to hazardous materials through August 31, 2017. We are looking for a design for the back of a shirt and one side of a challenge coin. The winner(s) will receive free entry to the symposium for the week, a shirt, and a challenge coin.

Central Florida Regional Planning Council

Desoto, Hardee, Highlands, Okeechobee, and Polk Counties

March 2017

On March 1st Mr. Carter met with several members of the Okeechobee County leadership to discuss sponsoring a full scale exercise that will be the 2018 Biennial exercise for the LEPC. This meeting was very productive and allowed us to establish a basic timeline for the design and development of this exercise and begin discussion on tasks to be performed. This will be the first full-scale exercise held in Okeechobee County in many years and all parties involved were very pleased with the opportunity to make this event happen. Planning will continue as this exercise is developed with a projected execution date of early 2018.

On the 9th of March, we held our quarterly LEPC meeting in Sebring. We continue to move our meetings around to all five counties in order to make the travel requirements as fair as possible. The meeting was well attended and we were able to address several upcoming events and set goals and objectives to work on through the end of the year.

On-site inspections under the Small Quantity Generators of Hazardous Waste (SQG) program were conducted throughout the month in Hardee County. These inspections are done in conjunction with Hazards Analysis inspections and other visits with the Fire Department so as to best utilize time and effort. We completed 68 inspections for Hardee County and provided them with copies of the reports on the 22nd of March.

STATE EMERGENCY RESPONSE COMMISSION
2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2149
Phone: (850) 815-4319, Fax: (850) 488-1739

Mr. Carter met with Polk County EM to discuss participation in their “Team Play” exercise. This is an on-going partnership between Polk County and the LEPC to support each other during exercises and other major events. It appears that this exercise will be held in early 2018. Meetings will continue on a regular basis to develop the tasks and projects associated with the exercise.

April 2017

On April 12th Mr. Carter attended the Hardee County LMS meeting. On the 14th Mr. Carter attended the Polk County Emergency Preparedness Action Committee (EPAC) meeting. These meetings are valuable in order for the LEPC to keep up with what major projects the Counties may be working on.

Mr. Carter conducted the SQG inspections for DeSoto County this month. We completed a total of 60 inspections this year. We have been able to reduce the number of sites that require inspection by removing facilities that we have been able to document through at least 2 separate inspections as having no hazardous waste.

We met with Okeechobee County to continue discussions toward their full-scale exercise. We now have the basic task list prepared and will begin work on establishment of the master time line.

Mr. Carter has begun the preparations for the conduct of the Okeechobee County SQG inspections. This county has the most facilities and we will have to complete approximately 100 sites this year.

May 2017

During May Mr. Carter, along with our LEPC Chairman, Deputy Chief Linkins and our Training Chairman, Mr. Domenic LetoBarone attended the Training Task Force, LEPC Chairs and Staff and State Emergency Response Commission meetings held in Cocoa Beach. In addition, Mr. Carter attended the NASTTPO conference which was being held concurrently.

Mr. Carter attended the monthly EPAC meeting with Polk County on the 12th.

The week of May 15-19 Mr. Carter attended the Governors Hurricane Conference (GHC) in West Palm Beach. Mr. Carter was able to attend the Basis Public Information Officer course of instruction along with several workshops. Mr. Carter also attended a meeting held by the Florida Emergency Preparedness Association Certification Commission which was held concurrently with the GHC. As time permitted we continued to work on the SQG inspections for Okeechobee County.

Work continues on the development and design of the Okeechobee Full Scale Exercise.

Tampa Bay Regional Planning Council
Hillsborough, Manatee, Pasco, and Pinellas Counties

The Tampa Bay Local Emergency Planning Committee staff was involved in a number of activities during the quarter. Staff attended the SERC quarterly meetings held at Hilton Cocoa Beach on May 8-9, 2017. The quarterly Tampa Bay LEPC meeting was held on May 24th. In conjunction with the May 24th Tampa Bay LEPC meeting, Chief Scott Ehlers, now of Clearwater Fire Rescue, was re-elected to succeed recently-retired Chief Jeff Patterson as Chair of the Tampa Bay LEPC. It is noteworthy that Chief Ehlers had previously served as the Chair of the Tampa Bay LEPC from 2007-2013 while, then, representing Tampa Fire Rescue.

The Tampa Bay LEPC's HMEP Training Subcommittee also met on May 24th to further refine and strategize expenditures associated with the FY 2016-17 HMEP Training contract. Training needs and desires were identified for each of the LEPC's six Counties, which were all present. It is envisioned that the following will be pursued for funding and conduct under Tampa Bay LEPC's FY 2016-17 HMEP Training contract: three 8- Hr. *Advanced Hazmat IQ* courses & a 40-Hr. *Hazmat Medic* (both cost share with Pinellas County); 8-Hr. *Chlorine Handling and Emergency Response* and 8-Hr. Ammonia Awareness courses (Manatee County); attendance of multiple students through the 160-Hr. *Hazmat Technician Certification* courses (Citrus, Hernando, Manatee and Pasco Counties); and potentially hosting a single or multiple-day course offering of the 8-Hr. *Street Smart for Hazmat* Course (Districtwide) and a 16-Hr. *Assistant Safety Officer* course. The additional hosting of three, shift-friendly, 3-Hr. *Responding to Gasoline Tanker Emergencies* courses remains under the consideration of Pinellas County in September. Additional training courses may still be identified as funding and opportunity allows as well as demand warrants. It is hereby noted that the HMEP Training Subcommittee members are currently evaluating the possibility of developing a consolidated, hybrid, 160-Hr. Hazmat Technicians Certifications course curriculum that, if pursued and approved, would provide local, quality certification/instruction at a reduced cost.

The following HMEP Training events have already been conducted for the Tampa Bay LEPC in FY 2016-17: attendance of 27 students at the *2017 Hazmat Symposium* in Daytona Beach (January 17-20); and conduct of three, shift-friendly, 3-Hr. *Responding to Gasoline Tanker Emergencies* courses each in Manatee County (May 1-3), the City of Tampa (May 11, 12 & 16) and Hernando County (June 13-15).

Tampa Bay LEPC staff has collected the Hazmat Team self-assessment survey results for the eight local teams with full or partial hazmat capabilities. Those teams are Citrus County Fire Rescue, Hernando County Fire Rescue, Hillsborough County Fire Rescue, Southern Manatee Fire Rescue, Pasco County Fire Rescue, the Pinellas County Hazmat Team, Tampa Fire Rescue and the 48th Civil Support Team. Corresponding site visits will be scheduled for Citrus County Fire Rescue, Hernando County Fire Rescue, Tampa Fire Rescue and the 48th Civil Support Team prior to September 30, 2017. Prior to September 30, 2018, the remainder of the required site visits will be conducted. Those

visits consist of: Hillsborough County Fire Rescue, Southern Manatee Fire Rescue, Pasco County Fire Rescue and the Pinellas County Hazmat Team.

This anticipated schedule clearly meets and exceeds the Florida State Fire College's request for assistance of the LEPCs to complete this task within their respective Districts over a three-year period.

In terms of miscellany, LEPC staff additionally: facilitated the (nearly) monthly meeting of the Pinellas Police Standards Council (April 12th & June 14th); attended the (nearly) monthly meetings of the Ammonia Handlers/ Operators group (April 18th & May 23rd); hosted the LEPC's HMEP Planning Subcommittee (aka Facility Disaster Planning Subcommittee) quarterly meeting (April 19th); participated in SERC's Training Task Force teleconferences (April 19th & June 21st); participated in the Hazards Analysis Working Group teleconference (April 25th); attended the Florida Pipeline Emergency Responders Initiative Workshop in Orlando (April 26th); attended multiple planning meetings as well as the May 6th 2017 Port Safety Funfest event held at DeSoto Park in Tampa; participated in the 2017 Hernando County FDOH's Point of Dispensing (POD) exercise Final Planning Meeting (May 10th) and exercise (June 15th); provided 10 boxes of 2012 Emergency Response Guidebooks to staff of Florida Department of Environmental Protection's Office of Emergency Response (May 23rd); attended the Tropicana Manufacturing facility Risk Management Plan (RMP) Audit/Inspection conducted by FDEM staff in Bradenton (May 25th); and submitted the Tampa Bay LEPC Hazardous Materials Emergency Response Plan update to FDEM (prior to June 30th). It is hereby further noted that above-referenced scheduling conflicts precluded LEPC staff's attendance at the May 9th Tampa Bay Spill Committee and the June 15th Ammonia Handlers/Operators group meetings, although other LEPC members were present at each of these events.

Southwest Florida Regional Planning Council

Charlotte, Collier, Glades, Hendry, Lee, and Sarasota Counties

The Southwest Florida Local Emergency Planning Committee met May 25, 2017 at the City of Fort Myers Fire Department in Fort Myers. Administrative matters involved discussing the following:

- LEPC Staff reminded the committee to submit their nominations for the Thomas Yatabe Award and Certificates of Appreciation.
- LEPC Staff presented the membership update where the following updates were approved by the LEPC.

Primary Membership Request: Tony Camps, Collier County EMS
Deputy Chief of Special Operations
Category: First Aid

Primary Membership Requests: Scott Davis, Fort Myers Fire Department
Battalion Chief
Category: Firefighting

STATE EMERGENCY RESPONSE COMMISSION
2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2149
Phone: (850) 815-4319, Fax: (850) 488-1739

Primary Membership Requests: Gerard “Jerry” Mallet, Charlotte County EM
EM Coordinator
Category: Emergency Management

Primary Membership Requests: Lindsay Herrell, Cape Coral EM
EM Coordinator
Category: Emergency Management

Alternate Membership Requests: Rick Pardo, Lee County Mosquito
Control Dist.
Category: Facility Operator
(Alt. for Brian Cotterill)

The following members have resigned due to various reasons:

1. Thomas Higginbotham, Fort Myers Fire Department (Ret.)
 2. Amy Howard, Hendry County Emergency Management
 3. Paul Anderson, Immokalee Fire Department
- LEPC Staff gave an update on the status of the HazMat Team Self-Assessments. At that time, staff received three self-assessments. LEPC Staff expressed the importance of completing the self-assessments and return them to her as soon as possible. The next step would be to begin scheduling the on-site visits.
 - The Consultant, Advanced Planning Consultants, LLC, gave an update of the FY16-17 HMEP Planning Project (Consulting Services – District Response Procedures (SOPs) for Incidents Involving the Transportation of Flammable Liquids, Chlorine and Anhydrous Ammonia to include in the Hendry County CEMP and SWF LEPC Response Plan).
 - LEPC Staff reviewed the upcoming fiscal year’s meeting date calendar and the committee decided to move the LEPC meetings around the region. Staff stated she would contact those facilities who offered their facility and schedule the meetings accordingly.
 - LEPC Staff noted the following trainings were added to the FY17-18 training schedule:
 1. 160hr HazMat Tech in Collier County
 2. Tanker Rollover Training in Collier County

The next quarterly meeting of the Southwest Florida Local Emergency Planning Committee is scheduled August 24, 2017.

Additional information regarding the programs and activities of the Committee can be obtained by viewing www.swfrpc.org.

Treasure Coast Regional Planning Council
Indian River, Martin, Palm Beach, and St. Lucie Counties

Activities

The last Treasure Coast Local Emergency Planning Committee (TCLEPC) meeting was held June 1, 2017, hosted by Florida Fish and Wildlife Conservation Commission, North Palm Beach, Florida. The next scheduled meeting of the Treasure Coast LEPC is August 3, 2017; and will be hosted by the City of Stuart Fire Rescue, Stuart, Florida.

Biennial Exercise

The 2017 Treasure Coast LEPC Biennial Exercise was conducted April 12, 2017 as a full-scale exercise with three active incident sites, four hospitals and 3 emergency operations centers in play in three of the four counties in the Treasure Coast region; Indian River, Martin and St. Lucie. The scenario focused on intentional and accidental chemical releases by a radical environmental group.

The incidents exposed upwards of 40,000 surrounding residential and directly impacted 250 citizens and responders including canine officers. The chemicals, Methomyl and Ammonium Nitrate, were stolen by the activist group with intentions of contaminating a water irrigation plant but were also mixed with an explosive element and stored for future use at a public event. Storage inventory was intentionally destroyed by cell members once they had been detected and interdiction and hazmat team activities began. Responders' task activities included identification of unknown

chemicals, risk assessment, public safety messaging, and responder exposure control and decontamination procedures. Protocols for notification and communication were tested to strengthen interoperability and multi-jurisdictional collaboration between fire rescue, law enforcement for mutual aid and emergency operations centers for resources. Emergency operations centers focused on information sharing and identification of vulnerable populations allowed public information officers, and the unified command gain the upper hand in public information and messaging and response on scene. The After-action report will be available next quarter.

STATE EMERGENCY RESPONSE COMMISSION

Hazardous Materials Emergency Preparedness (HMEP)

Training

Training: LEPC staff is coordinating with instructor to provide 2 Hazmat IQ, 2 Awareness Level, one 24-hour Hazardous Waste Operations Response (Hazwoper), and 2 Technician Level 160 Hybrid classes. One student from Palm Beach County Fire Rescue was sponsored to attend the AHLS class in Jacksonville, May 8-10, 2017.

Planning:

The 2017 Planning Project selected was Option 5: Develop District Response Procedures for Incidents Involving the Transportation of Flammable Liquids. Staff has conducted several conference calls and one regional meeting with 3 municipal and one county hazmat teams to gather capability data on foam, apparatus, fire rescue station locations and response times for remote areas in the county and region. Regional Response Plan: The 2016/2017 update is complete and will be submitted to the Division of Emergency Management in June, 2017.

Hazards Analysis

The 2016/2017 Hazards Analysis for St. Lucie County has been completed, submitted to Florida Division of Emergency Management and approved. County emergency management and hazardous materials teams were provided electronic copies of the CAMEOfm database for utilization in planning and response activities. Facilities in St. Lucie that were visited for Tier II/E-Plan annual reporting compliance were notified of the availability of their particular analysis.

Treasure Coast Local Emergency Planning Committee – Chair: Frank Lasaga, Coordinator: Kathryn E. Boer

South Florida Local Emergency Planning Committee

Miami-Dade, Broward and Monroe Counties

The South Florida Local Emergency Planning Committee held a regularly scheduled meeting on May 31 in Hollywood at the South Florida Regional Planning Council offices. Applications for membership were received from Ed Carberry, Safety Manager for Performance Food Service, as Primary Member in the Facility Owners and Operators Category and Matthew Roach, Operations Manager for the Miami Beach Department of Emergency Management, as Alternate Member for Charles Tear in the Emergency Management Category.

STATE EMERGENCY RESPONSE COMMISSION
2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2149
Phone: (850) 815-4319, Fax: (850) 488-1739

The Committee discussed training issues for the remainder of the fiscal year and it's HMEP Planning Project. A completed 2017 HazMat Plan was presented and approved for transmittal to FDEM. The meeting wrapped up with a very interesting presentation by Rick Barrett from the Florida Gas Transmission Company. In addition to information on Florida gas lines, Mr. Barrett also updated the members on the PHMSA PIRI initiative.

For the benefit of Broward-area responders, two days of OSHA 8-hour HAZWOPER Refresher training were offered March 16 and 17 at the Broward EOC in Plantation. The South Florida LEPC Chair and Coordinator attended the May 8 and 9 SERC meetings in Cocoa Beach, Florida. As suggested by FDEM, both also attended the National Association of SARA Title III Program Officials Conference (NASTTPO) held in conjunction with the SERC meetings. The sessions were very informative and an excellent way pass on lessons learned from others around the country.

In addition to the aforementioned meetings, the Coordinator attended a Broward Fire Chiefs Association Special Ops/HazMat Meeting on March 14, SERC TTF Conference Calls on March 15 and April 19, visited an LEPC-sponsored HAZWOPER Refresher Class on March 16 in Plantation, presented at an FDEP Emergency Responders Networking Conference in Fort Lauderdale on March 30, PHMSA PIRI Workshop on April 25 in Fort Lauderdale, HAs Working Group Conference Call April 25, met twice with the Chair and Vice Chair on April 19 and May 24 and attended monthly South Florida Regional Planning Council meetings.
