

# DIVISION OF EMERGENCY MANAGEMENT

Ron DeSantis
Governor
Director

### MEMORANDUM

**To:** Local Governments, State and Regional Agencies, Indian Tribal

Governments, Local Mitigation Strategy Working Groups, and Private Non-Profit Organizations Submitting Hazard Mitigation Grant Program

Applications for COVID-19 Pandemic (DR-4486)

**From:** Kevin Guthrie, State Coordinating Officer

**Subject:** Hazard Mitigation Grant Program Notice of Funding Availability

Date: September 20, 2021

# Program Summary

The Florida Division of Emergency Management (Division) is pleased to announce the availability of Hazard Mitigation Grant Program (HMGP) funds as a result of the recent Presidential Disaster Declaration for the COVID-19 Pandemic (**FEMA-4486-DR-FL**).

HMGP funding is authorized by Section 404 of the Robert T. Stafford Disaster Relief Act. This funding helps communities implement measures to reduce or eliminate long-term risk to people and property from natural hazards and their effects. The Division encourages all potential applicants to submit applications for projects that address eligible mitigation activities.

Given the unique nature of this disaster declaration, the amount of HMGP funding available to the State is calculated. Additional information can be found in this notice under "County Funding Allocation," below.

# Current Changes

The Division is migrating its processes to a fully digital platform through its FDEM Portal. This includes the HMGP and will encompass everything from the application process to closeout. This migration will ultimately reduce the waste inherent in dealing with physical media, as well as streamline our grants management processes to be more efficient. Applications are currently being accepted through the FDEM Portal and doing so **does not** require an additional hardcopy submission. Hardcopy applications are permitted pursuant to the Rule 27P-22, Florida Administrative Code; however, **the Division highly encourages all applications to solely be uploaded through the FDEM Portal**. If an applicant chooses to submit a hardcopy of their application, a digital submission through the FDEM Portal will still be required.

Telephone: 850-815-4000

www.FloridaDisaster.org

2555 Shumard Oak Boulevard Tallahassee, FL 32399-2100 2702 Directors Row Orlando, FL 32809-5631

# **Application Timeline**

The application period will close December 21, 2021. The Division encourages potential applicants to submit complete applications before the close of the application period. Applications will only be accepted from eligible applicants as defined in the *Minimum Program Eligibility* section of this notice.

**FDEM Portal Submission:** If you have not already registered for access to the FDEM Portal, please see the instructions in <u>Attachment H</u> to do so. The information required for submitting a complete application through the FDEM Portal is the same as the State of Florida HMGP Application (<u>Attachment F</u>), which can be used as reference to collect all the information necessary for your project prior to submittal. If an application is submitted through the FDEM Portal, no hardcopies will be required.

A complete digital submission of your applications, and all necessary supporting documentation, must be uploaded to the FDEM Portal no later than **December 21, 2021 11:59 p.m. (EST)** 

It is imperative that your access request for the FDEM Portal is received by the Division no later than 5:00 p.m. EST on December 21, 2021 in order to meet the application deadline.

**Hardcopy Filing:** If a hardcopy is filed, please provide just one original of the State of Florida HMGP Application and all appropriate attachments. In addition, submit your project(s) and all relevant documentation to the FDEM Portal using the directions detailed above and in <u>Attachment H</u>.

Any hardcopy applications sent by mail or other carrier to the Division must be postmarked on or before **December 21**, **2021**. Hand-delivered applications must be stamped in at the Division no later than **5:00 p.m. EST** on **December 21**, **2021**.

The HMGP application and all other pertinent resources for completing the application may be obtained at the Division's website located at <a href="https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/">https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/</a> in the section HMGP Application and Resources.

# Questions regarding the FDEM Portal system may be directed to:

Jared Jaworski (850)544-8372 Jared.jaworski@em.myflorida.com

# Any completed hardcopy applications must be sent to the following address:

ATTN: Kathleen Marshall, Hazard Mitigation Grant Program Florida Division of Emergency Management Mitigation Bureau 2555 Shumard Oak Boulevard Tallahassee, Florida 32399-2100

# Minimum Program Eligibility

*Eligible Applicants*: According to the Code of Federal Regulations (CFR) 44 §206.434(a), the following parties are eligible to apply for Hazard Mitigation Grant Program funds:

- State and local governments who have an approved Local Mitigation Strategy (LMS) in accordance with 44 CFR §201.6, prior to receipt of HMGP subgrant funding for projects;
- Private non-profit organizations or institutions that own or operate a private non-profit facility as defined in §206.221(e); and
- Indian tribes or authorized tribal organizations.

However, be advised that pursuant to Rule 27P-22, Florida Administrative Code, all project applications must go through the Local Mitigation Strategy Working Group (LMSWG) of the county where the project will take place. Any application sent to the Division without a signed endorsement letter, from either the Chair or Vice-Chair of an LMSWG, will be denied.

Eligible Activities: Activities include mitigation projects that will result in protection of public or private property from natural hazards. Activities for which implementation has already been initiated or completed are not eligible for funding. Eligible projects include, but are not limited to, the following:

Acquisition or relocation of hazard-prone structures;

- Retrofitting of existing buildings and facilities that will result in increased protection from hazards:
- Elevation of flood-prone structures;
- Infrastructure protection measures;
- Stormwater management improvements;
- Minor structure flood control;
- Flood diversion and storage;
- Aquifer storage and recovery;
- Floodplain and stream restoration;
- Residential and community safe room construction; and/or
- Generators for a critical facility, provided they are cost-effective, contribute to a longterm solution to the problem that they are intended to address, and meet other project eligibility criteria as required by 44 CFR §206.434(c); or generators that are an integral part of a larger eligible project.

*Ineligible Activities:* The state will **not** consider funding requests for the following:

- Construction of new facilities (Nevertheless, the cost associated with above-code upgrades to new facilities may be considered);
- Equipment such as emergency pumps, vehicles, and communication devices;
- Stand-alone studies, design, and planning-related activities;
- Tree removal, debris removal, and other forms of maintenance; or
- **Projects already in progress** (Construction may not begin until the contract between the State and subrecipient is executed and the project has met requirements of the National Environmental Policy Act).

*Eligibility Criteria:* All projects submitted must meet *minimum criteria* to be considered for funding. An eligible project must:

- Conform to the requirements stated in this Notice of Funding Availability;
- Conform to the Florida State Hazard Mitigation Plan and the respective community's LMS;
- Conform to the funding priorities for the disaster, as established in the appropriate LMS;
- Demonstrate cost-effectiveness;
- Be technically feasible:
- Benefit the designated disaster area;
- Conform to all applicable environmental laws and regulations, as well as Executive Orders;
- Solve a problem independently or constitute a functional part of a solution;
- Benefit a National Flood Insurance Program (NFIP) participating community that is not on probation or suspended from the NFIP; and
- Meet all applicable State and local codes and standards.

# **State Priorities**

The Division identifies the following items as a priority for both HMGP funds for this disaster (DR4486) and for local mitigation efforts. Per the Rule 27P-22, Florida Administrative Code, addressing, or not addressing, these priorities through your county's Local Mitigation Strategy Working Group (LMSWG) efforts and project submissions will not affect an application's funding priority beyond your LMSWG's endorsement. However, addressing them will better help the state meet broader flood mitigation needs and retain HMGP funds by leveraging existing county efforts. The State priorities are as follows.

- Prioritize flood mitigation strategies including, but not limited to,
  - Non-localized flood risk reduction projects (i.e., seawalls/floodwalls; groins; levees; dikes; breakwaters; etc...)
  - Localized flood risk reduction projects (i.e., installation or modification of culverts and other stormwater management facilities; construction or modification of retention and detention basins, floodwalls, dams, and weirs; etc...)
  - o Property acquisition and structure demolition/relocation
  - Structure elevation
  - Mitigation reconstruction
- Establish coordination between LMSWGs to address common mitigation issues affecting neighboring counties and/or counties within a region. This effort can include.
  - Identifying shared hazards with neighboring counties and possible solutions for collaboration.
  - Including those shared mitigation activities on your Local Mitigation Strategy's prioritized project list,
  - Including neighboring/regional counties in your LMSWG meetings when appropriate, and/or
  - Pooling of available HMGP allocations to meet the funding needs of larger shared mitigation activities

# **Cost-Share Requirements**

Under the HMGP, FEMA will contribute up to 75-percent of the total amount approved under the grant award to implement eligible, cost-effective mitigation measures. The applicant must provide the remaining 25-percent non-federal share. Contributions, cash, and in-kind services are acceptable as part of the non-federal share. Requirements for in-kind contributions can be found in 2 CFR §200.306. In-kind contributions must be directly related to the eligible project cost and are those personnel, materials, equipment and supplies owned, controlled, and operated by the applicant or a third-party contributor.

Applicants may use the Global Match concept as part of the 25-percent non-federal share. Global Match permits a potential applicant to meet the non-federal share match by receiving credit for state and/or local government funds that were committed to a similar type of project(s). These similar, **non-federally** funded projects must meet all of the HMGP eligibility requirements. This means that if Global Match is approved, the applicant may receive up to 100 percent federal share.

# **Pre-Award Costs**

Prior to receiving a grant award, pre-award costs may be requested. Pre-award costs include items such as engineering, environmental study, permitting, and other "soft" costs associated with a construction project. *Construction activities are not considered pre-award costs*. Pre-award costs must be requested in writing. Guidelines for pre-award costs are included in *Attachment A*.

#### **Procurement**

Any procurement of property or services under a federal award must conform to 2 CFR §200 Subpart D (§§ 200.317 - 200.326). This also includes any activities performed as a part of the pre-award request.

### **Sub-Recipient Management Costs**

Per FEMA Hazard Mitigation Grant Program Interim Policy 104-11-1, HMGP projects awarded under disasters, on or after the effective date, are eligible for sub-recipient management costs (SRMC) up to a hard cap of 5 percent of their eligible and actual project costs. SRMC is a separate pool of funding and will not be calculated as part of the benefit-cost analysis (BCA). SRMC will be reimbursed at a 100 percent federal cost share following the submission of compliant source documentation in conformance with 2 CFR 200 Subpart E. Additional information on SRMC can be found in the attached application (<u>Attachment F</u>) and the HMGP SRMC Request Form (<u>Attachment G</u>). Any applicant requesting SRMC will need to submit <u>Attachment G</u> along with their application.

# **County Funding Allocation**

The HMGP funding made available for the COVID-19 pandemic poses a challenge with the allocation methodology with Rule 27P-22.006(1), Florida Administrative Code, given the unique circumstances of the disaster itself. This establishes that the amount of HMGP funding available to counties included in the relevant disaster declaration is based on a calculation of the proportional share of the total federal assistance under the Public Assistance (PA), Individual Assistance (IA), and Small Business Administration (SBA) programs as of 120 days after the disaster declaration as reported by FEMA.

For DR-4486, only PA was utilized and there were not any PA projects obligated within 120 days of the date of declaration (March 25, 2020). The intent of the allocation methodology in the administrative rule is to ensure HMGP funds are distributed equitably, but with no federal assistance on record at 120 days the normal allocation process cannot be completed as written and therefore must be replaced with a methodology of equal measure and intent.

As a result, the Division will implement the allocation process outlined below, which will apply to just this current disaster (DR-4486) and its unique circumstance. All 67 counties in Florida are considered in the relevant disaster declaration for the COVID-19 pandemic and will be considered eligible to apply for tier 1 and 2 funding, as outlined below. There will not be a tier 3 funding category.

Funding availability for DR-4486 was based on a combination of lump sum and a county's proportional population. For each county to have an adequate amount of funds to work with, each county was first allocated \$100,000.00. The remaining funds were then divided up using a county's population as a proportion of the total state population. This proportion was then applied to the remaining funds and the resultant amount then added to the initial lump sum for their final allocation amount. To be consistent with the PA reporting process, the 2010 census population data was used for the population calculation. These figures are shown in <u>Attachment B</u> and represent the lock-in amount of HMGP funds currently available. HMGP funding is available only to those counties that have a current FEMA-approved LMS. Project applications will be considered only if:

- (1) The application is accompanied by an endorsement by the LMS Chairperson or Vice-Chairperson stating that the project is included in the current LMS; and,
- (2) If more than one project is submitted, the endorsement indicates the prioritization. A sample project submission letter is shown in <u>Attachment C</u>.

The Division will attempt to fund each submitted project in priority order until the county's allocation has been exhausted. In accordance with the Rule 27P-22.006(1)(a-b) and (2), Florida Administrative Code, the Division uses the following tiered allocation system up until the State application deadline with FEMA:

<u>Tier 1</u> Eligible projects submitted by each county included in the relevant Presidential Disaster Declaration will be funded in order of priority as outlined in the LMS Working Group endorsement letter until the allocated funds are exhausted or all eligible projects are funded.

<u>Tier 2</u> Any allocation remaining after all eligible projects in any declared county are funded shall be re-allocated to those counties included in the relevant Presidential Disaster Declaration whose allocation was not sufficient to fund all submitted eligible projects. The order of priority for re-allocating funds is detailed in <u>Attachment D</u>.

*Tier 3* There is no tier 3 for this disaster.

Please see *Attachment D* for a detailed explanation of funding tiers.

### Funding Availability and Notification

Typically, FEMA provides funding estimates up to 12-months from the date of declaration, at which time a final lock-in number is provided. This disaster declaration will not have this same schedule, and instead FEMA provided a final lock-in amount in their announcement of DR-4486, which is reflected in *Attachment B* for regular funds.

## **Technical Assistance**

Due to the large impact of the COVID-19 pandemic across the state, the Division is in the process of scheduling HMGP application development workshop webinars, as opposed to the standard in-person workshops. The webinars will focus on a handful of counties at a time so that project-specific concerns can still be addressed by state staff. The Division is in the process of scheduling these webinars and will be in touch with each county in the next few weeks to finalize dates and times.

Please check the Division's website <a href="www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program">www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program</a> for additional technical guidance. The Division will provide technical assistance throughout the application process. This includes assistance with the application process, Benefit Cost Analysis, Engineering Feasibility and Environmental/Historical Preservation Compliance. If there are any questions regarding the allocation of funds or the project review and selection criteria, please call Bureau staff at one of the following numbers:

Program Eligibility: (850) 815-4537 or (850) 815-4503

Environmental: (850) 815-4514

Engineering and Technical Feasibility: (850) 254-4573

For additional information and technical assistance, please refer to FEMA's *Hazard Mitigation Assistance Guidance* document available at <a href="https://www.fema.gov/media-library/assets/documents/103279">https://www.fema.gov/media-library/assets/documents/103279</a>.

To assist you in submitting qualified project applications, the following attachments are located on the Division website <a href="https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program">https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program</a>:

Re:

Mr. Miles Anderson, State Hazard Mitigation Officer Florida Division of Emergency Management 2555 Shumard Oak Boulevard Tallahassee, Florida 32399-2100

COVID-19 Pandemic

Dear Mr. Anderson:

The \_\_\_\_\_ County Local Mitigation Strategy (LMS) working group has approved by vote and prioritized the following projects for HMGP funding from this disaster. These projects align with our LMS goals and objectives as noted, and with the State's mitigation goals and objectives {in accordance with the Code of Federal Regulations 44 §201.6).

The \_\_\_\_\_ County LMS group therefore presents the projects below (or in the attachment) in the order that they are to be considered for funding.

Hazard Mitigation Grant Program (HMGP) applications for FEMA 4486-DR-FL,

# FEMA 4486-DR-FL COVID-19 Pandemic

Funding Priority	Project Name or Description	Applicant	Goal/Objective Implemented	Estimated Total Project Cost	Estimated Federal Share
1.	Project name	Applicant	3. B. (2)	\$000,000	\$000,000
2.	Project name	Applicant	1. A. (4)	\$000,000	\$000,000
3.	Project name	Applicant	2. B. (4)	\$000,000	\$000,000
Etcetera					

For further information or inquiry, please contact me at (insert phone number and email).
Sincerely,
, LMS Chair

, County LMS

# CHAPTER 27P-22 HAZARD MITIGATION GRANT PROGRAM

27P-22.001	Purpose
27P-22.002	Definitions
27P-22.003	Eligibility
27P-22.004	LMS Working Groups
27P-22.005	Local Mitigation Strategy
27P-22.006	County Allocations and Project Funding
27P-22.007	Application

#### 27P-22.001 Purpose.

This chapter describes the processes for application, project selection and distribution of funds under the Hazard Mitigation Grant Program.

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History-New 2-24-02, Formerly 9G-22.001.

#### 27P-22.002 Definitions.

- (1) "Adoption" means a resolution, ordinance or other formal action taken by the governing body of a county or municipality indicating agreement with and acceptance of the relevant Local Mitigation Strategy.
- (2) "Application" means the request for hazard mitigation funding as submitted to the Division of Emergency Management (Division or FDEM) by an Applicant.
- (3) "Applicant" means a state agency, local government, Native American tribe or authorized tribal organization or private non-profit organization requesting hazard mitigation funding.
  - (4) "DHS" means Department of Homeland Security.
  - (5) "FEMA" means the Federal Emergency Management Agency.
  - (6) "Hazard" means a condition that exposes human life or property to harm from a man-made or natural disaster.
- (7) "Hazard Mitigation" means any action taken to reduce or eliminate the exposure of human life or property to harm from a man-made or natural disaster.
- (8) "Hazard Mitigation Grant Program", herein referred to as HMGP, means the program authorized under Section 404 of the Stafford Act and implemented by 44 C.F.R., Part 206, Subpart N, dated October 1, 2019, hereby incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12333">http://www.flrules.org/Gateway/reference.asp?No=Ref-12333</a>, a copy of which may be obtained by contacting the Division, which provides funding for mitigation projects as identified in the State Hazard Mitigation Plan.
  - (9) "Local Mitigation Strategy" or "LMS" means a plan to reduce identified hazards within a county.
  - (10) "Project" means a hazard mitigation measure as identified in an LMS.
- (11) "Repetitive loss structures" means structures that have suffered two or more occurrences of damage due to flooding and which have received payouts from the National Flood Insurance Program as a result of those occurrences.
- (12) "State Hazard Mitigation Plan" means Florida's version of the Hazard Mitigation Plan referred to in 44 C.F.R., Part 206, Subpart N and approved by FEMA. The State Hazard Mitigation Plan is set forth in the Enhanced State Hazard Mitigation Plan 2018, hereby incorporated into this rule by reference, <a href="https://www.flrules.org/gateway/reference.asp?NO=Ref-12334">https://www.flrules.org/gateway/reference.asp?NO=Ref-12334</a>. A copy may be obtained by contacting the Division of Emergency Management.
  - (13) "Working Group" is the group responsible for the development and implementation of the Local Mitigation Strategy.

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History–New 2-24-02, Formerly 9G-22.002, Amended 7-18-13. 11-24-20.

#### 27P-22.003 Eligibility.

- (1) Eligible types of projects shall include, but not be limited to, the following:
- (a) Certain new construction activities that will result in protection from hazards;
- (b) Retrofitting of existing facilities that will result in increased protection from hazards;
- (c) Elevation of flood prone structures;

- (d) Vegetative management/soil stabilization;
- (e) Infrastructure protection measures;
- (f) Stormwater management/flood control projects;
- (g) Property acquisition or relocation; and
- (h) Plans that identify and analyze mitigation problems and include funded, scheduled programs for implementing solutions, within the same disaster.
  - (2) In order to be eligible for funding, projects shall meet the following requirements:
  - (a) Conform to the State Hazard Mitigation Plan;
  - (b) Conform to the funding priorities for the disaster as established in the LMS governing the project;
- (c) Conform to the following federal regulations incorporated by reference, copies of which may be obtained by contacting the Division:
- 1. 44 C.F.R., Part 9, Floodplain Management and Protection of Wetlands, dated October 1, 2019, incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12335">http://www.flrules.org/Gateway/reference.asp?No=Ref-12335</a>;
- 2. DHS Directive 023-01, Revision 01, dated 10/31/2014, incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12336">http://www.flrules.org/Gateway/reference.asp?No=Ref-12336</a>;
- 3. DHS Instruction 023-01-001-01, Revision 01, dated 11/6/2014, incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12337">http://www.flrules.org/Gateway/reference.asp?No=Ref-12337</a>;
- 4. FEMA Directive 108-1, dated 10/10/2018, incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12338">http://www.flrules.org/Gateway/reference.asp?No=Ref-12338</a>; and
- 5. FEMA Instruction 108-1-1, dated 10/10/2018, incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12339">http://www.flrules.org/Gateway/reference.asp?No=Ref-12339</a>.
- (d) Eliminate a hazard independently or substantially contribute to the elimination of a hazard where there is reasonable assurance that the project as a whole will be completed; and
  - (e) Be cost-effective and substantially reduce the risk of future damage, hardship, loss, or suffering resulting from a disaster.

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History–New 2-24-02, Formerly 9G-22.003, Amended 11-24-20.

#### 27P-22.004 LMS Working Groups.

Each county electing to participate in the HMGP must have a formal LMS Working Group and a current FEMA approved LMS.

- (1) Not later than the last working weekday of January of each year the Chairperson of the Board of County Commissioners shall submit to the Division a list of the members of the Working Group and its designated Chairperson and Vice-Chairperson.
  - (2) The Working Group shall include, at a minimum:
- (a) Representation from various agencies of county government which may include, but not be limited to, planning and zoning, roads, public works and emergency management;
  - (b) Representation from all interested municipalities within the county; and
- (c) Representation from interested private organizations, civic organizations, trade and commercial support groups, property owners associations, Native American Tribes or authorized tribal organizations, water management districts, regional planning councils, independent special districts and non-profit organizations.
- (3) The county shall submit documentation to show that within the preceding year it has issued a written invitation to each municipality, private organization, civic organization, Native American Tribe or authorized tribal organization, water management district, independent special district and non-profit organization, as applicable, to participate in the LMS working group. This documentation shall accompany the membership list submitted to the Division.
  - (4) The Working Group shall have the following responsibilities:
  - (a) To designate a Chairperson and Vice-Chairperson;
  - (b) To develop and revise an LMS as necessary;
  - (c) To coordinate all mitigation activities within the County;
  - (d) To set an order of priority for local mitigation projects; and
- (e) To submit annual LMS updates to the Division by the last working weekday of each January. Updates shall address, at a minimum:

- 1. List of Working Group Members including Chair and Vice-Chair;
- 2. Changes to the hazard assessment;
- 3. Updated project priority list including estimated costs and potential funding sources;
- 4. Changes to the critical facilities list;
- 5. Changes to the repetitive loss list; and
- 6. Revisions to any maps.

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History–New 2-24-02, Formerly 9G-22.004, Amended 7-18-13, 11-24-20.

#### 27P-22.005 Local Mitigation Strategy.

Each LMS shall have the following components:

- (1) A description of the activities of local government and private organizations that promote hazard mitigation; a description of the policies, ordinances or programs that guide those activities; and any deficiencies in the policies, ordinances, and programs with recommendations to correct those deficiencies.
  - (2) A description of the methods used to engage private sector participation.
- (3) A statement of general mitigation goals, with Working Group recommendations for implementing these goals, and estimated dates for implementation.
- (4) A description of the procedures used by the Working Group to review the LMS at regular intervals to ensure that it reflects current conditions within the County.
- (5) A hazard assessment to include, at the minimum, an evaluation of the vulnerability of structures, infrastructure, special risk populations, environmental resources and the economy to storm surge, high winds, flooding, wildfires and any other hazard to which the community is susceptible.
- (6) A statement of procedures used to set the order of priority for projects based on project variables which shall include technical and financial feasibility.
  - (7) A list of approved projects in order of priority with estimated costs and associated funding sources.
  - (8) A list of critical facilities that must remain operational during and after a disaster.
  - (9) A list of repetitive loss structures.
- (10) Maps, in Geographical Information System (GIS) format, depicting hazard areas, project locations, critical facilities and repetitive loss structures.

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History-New 2-24-02, Formerly 9G-22.005.

#### 27P-22.006 County Allocations and Project Funding.

- (1) The available HMGP funds shall be allocated to the counties included in the relevant presidential disaster declaration, as defined in Section 252.34(2), F.S., in proportion to each county's share of the federal disaster funding from the Public Assistance, Individual Assistance and Small Business Administration programs as of 120 days after the disaster declaration as reported by FEMA.
- (a) Eligible and submitted projects for each county included in the relevant presidential disaster declaration will be funded in order of priority as outlined in the LMS Working Group endorsement letter until the allocated funds are exhausted, or all eligible projects are funded, whichever occurs first.
- (b) Any allocation remaining after all eligible projects in any declared county are funded shall be reallocated to those counties included in the relevant presidential disaster declaration whose allocation was not sufficient to fund all submitted eligible projects in proportion to each county's share of unfunded projects.
- (2) If funds remain after all eligible projects under subsection (1) above have been funded, then they shall be applied to fund eligible projects submitted from counties not included in the relevant presidential disaster declaration on a first-come-first-served basis until all available funds are obligated.
- (3) Once a project has been selected for funding, the agreement between the applicant and the Division regarding the terms and conditions of the grant shall be formalized by contract.

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History-New 2-24-02, Formerly 9G-22.006, Amended 11-

#### 27P-22.007 Application.

- (1) The following entities may apply for funding under the program:
- (a) State agencies and local governments;
- (b) Private non-profit organizations or institutions that own or operate a private non-profit facility as defined in 44 C.F.R., \$206.221(e), dated October 1, 2019, hereby incorporated by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12340">http://www.flrules.org/Gateway/reference.asp?No=Ref-12340</a> a copy of which may be obtained by contacting the Division; and
  - (c) Indian tribes or authorized tribal organizations.
- (2) The Division shall notify potential applicants of the availability of HMGP funds by publishing a Notice of Funding Availability in the Florida Administrative Register.
- (3) Applicants will have not less than ninety (90) days from the date of notification to submit project applications. The opening and closing dates will be specified in the Notice of Funding Availability. Applications mailed to the Division must be postmarked on or before the final due date. Hand-delivered applications must be stamped in at the Division no later than 5:00 p.m. (Eastern Time) on the final due date.
- (4) A LMS Working Group endorsement letter shall accompany each application from the Chairperson or Vice-Chairperson of the LMS Working Group endorsing the project. The endorsement shall verify that the proposed project does appear in the current LMS and state its priority in relation to other submitted projects. Applications without this letter of endorsement will not be considered.
- (5) Applications must be submitted using FDEM Form No. HMGP Application (01-2020) (Eff. 01-2020) which is incorporated into this rule by reference, <a href="http://www.flrules.org/Gateway/reference.asp?No=Ref-12341">http://www.flrules.org/Gateway/reference.asp?No=Ref-12341</a>, a copy of which may be obtained by contacting the Division or visiting www.floridadisaster.org. In addition, the application form will be circulated as a part of the Notice of Funding Availability for its respective disaster grant cycle.
- (6) If the Division receives an incomplete application, the applicant will be notified in writing of the deficiencies. The applicant will have thirty (30) calendar days from the date of the letter to resolve the deficiencies. If the deficiencies are not corrected by the deadline the application will not be considered for funding.
  - (7) Applications are to be delivered or sent to:

Division of Emergency Management

Bureau of Mitigation

2555 Shumard Oak Boulevard

Tallahassee, Florida 32399

ATTENTION: Hazard Mitigation Grant Program

Rulemaking Authority 252.35(2)(x) FS. Law Implemented 252.311, 252.32, 252.35 FS. History–New 2-24-02, Formerly 9G-22.007, Amended 7-18-13, 11-24-20.

#### **Data Collection Worksheet Notice**

If you are submitting project applications for the project types listed below, follow the link and look under "Project Worksheets" for the form pertaining to your project. These worksheets will help ensure that the appropriate information is given to the state and assist us in reviewing your application more efficiently.

### **Project Worksheets**

- Wind Retrofit
- Flood Control- Drainage Improvement
- Generator
- Hurricane Safe Rooms
- Tornado Safe Rooms
- Wildfire
- Drought
- Utility Mitigation

In addition, a new worksheet was developed to assist sub-applicants submitting acquisition-related projects. To find this document, follow the same link and look under "For Acquisition Projects."

https://floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/

This application is for all Federal Emergency Management Agency (FEMA Region IV) Hazard Mitigation Grant Program (HMGP) proposals. Complete ALL sections and provide the documents requested. If you require technical assistance, contact the Florida Division of Emergency Management at **DEM\_HazardMitigationGrantProgram@em.myflorida.com.** 

# Section I - Applicant

A. Applicant Instruction: Complete all sections that correspond with the type of proposed project

Application Sections I-IV:	All Applicants must complete these sections
Environmental Review:	All Applicants must complete these sections
Maintenance Agreement:	<ul> <li>Any Applications involving public property, public ownership, or management of property</li> </ul>
Flood Control – Drainage Improvement Worksheet:	Acquisition, Elevation, Dry Flood Proofing, Drainage Improvements, Flood Control Measures, Floodplain and Stream Restoration, and Flood Diversion
	– one worksheet per structure
Generator Worksheet:	Permanent, portable generators, and permanent emergency standby pumps
Tornado Safe Room Worksheet:	New Safe Room, Retrofit of existing structure, Community Safe Room, Residential Safe Room
Hurricane Safe Room Worksheet:	New Safe Room, Retrofit of existing structure
Wind Retrofit Worksheet:	Wind Retrofit projects only – one worksheet per structure
Wildfire Worksheet:	Defensible Space, Hazardous Fuels Reduction, Ignition Resistant Construction, other
Drought Worksheet:	Aquifers, other
Utility Mitigation Worksheet	Upgrades to sewer systems, upgrading electrical components for a utility, undergrounding electrical systems, etc.
Request for Public Assistance Form:	FEMA Form 90-49 (Request for Public Assistance): <i>All</i> applicants must complete, if applicable.
Acquisition Forms:	If project type is Acquisition, these forms must be completed.
	(Only one of the two Notice of Voluntary Interest forms is necessary.)
	Model Statement of Assurances for Property Acquisition Projects
	Declaration and Release
	Notice of Voluntary Interest (Town Hall Version)
	Notice of Voluntary Interest (Single Site Version)
	Statement of Voluntary Participation
	FEMA Model Deed Restriction Language
Application Completeness Guidance / Checklist :	All applicants are recommended to complete this checklist and utilize the guidance for completing the application.

# Section IV - Budget/Costs

In order to assist applicants with filling out the following Budget section, we have provided the following instructions for your convenience. For this section, we ask that you provide details of all the estimated costs of the project, as it is used for the benefit-costs analysis as well as for the feasibility and effectiveness review.

For the cost sections relating to Materials, Labor, and Fees, it is important to note,

- Lump sums without supporting documentation showing a breakdown of those costs are not acceptable. For those items that will not fit in the spaces provided, attach the appropriate documentation to your application.
- Identify your match sources in sections B and I.
- Sub-Total cells will auto sum the costs in their respective columns.
- Do not factor management costs into parts A-C. If management costs are being requested, see part G.
- Contingency Costs need to be justified and reported as a separate line item in part E of this section. From left to
  right in that part, enter the desired percentage (maximum 5% of Material/Labor), the amount the percentage is to
  be applied to, and the resulting amount. PLEASE NOTE- These cells will not auto-calculate across the row, but
  the final cell will be calculated into the Final Project Cost below it. Take care that everything is calculated
  correctly.
- Pre-Award Costs: costs must be identified as a separate line item, AND a completed HMGP Pre-Award Cost Request Form MUST be submitted with this application, detailing the items/cost and requested start date.
- Mark all In-kind (donated) services with (\*\*); In-house (employee) services with (\*\*\*), per each line item.
- All funding sources (In-kind, In-house, Global Match, and Other Agencies) must be identified (below) AND identified on the Funding Sources Section IV I.

For project management costs, in compliance with Disaster Relief and Recovery Act of 2018 (DRRA) and the subsequent FEMA Interim Policy #104-11-1, the Florida Division of Emergency Management has included a section for applicants to request, or refuse, project management funds that are available to them. Under this new policy, HMGP projects awarded under disasters declared on or after August 1, 2017, are eligible for project management costs up to 5 percent of their total project costs.

Applicants choosing to apply for this funding must detail the specific administrative costs in Part G of this section. These costs must be eligible administrative costs, conforming to the requirements set in 2 CFR Part 200 Subpart E. Applicants must ensure that their administrative costs are reasonable, allowable, allocable, and necessary for the performance of the federal award.

The State will allot these management costs on a project-by-project basis per the amount requested by the sub-recipient, up to 5 percent of the total project cost. A sub-recipient may request less than this, but no higher. These management costs will be considered a separate pool of funding, and **WILL NOT** affect a project's benefit-cost analysis.

Management costs will be reimbursed per reimbursement request, and no more than 5 percent of any given reimbursement request amount. All management costs reimbursements will be contingent upon adequate documentation from the sub-recipient.

Management costs will be reimbursed at 100 percent of the amount of management costs requested, so far as they are adequately documented and are no more than 5 percent of the request. Any unused management costs at closeout following the final payment will be de-obligated. If the final total project cost results in an under-run, management costs will be reduced accordingly.

Applicants must make the determination to request or refuse management costs at the time of formal application submittal. The State will accept the initial determination from the applicant. There will be no recourse from the State for applicants wishing to change their initial determination after the application has been formally submitted.

F	,			al Project Cost	00.02

Note: To be eligible for HMGP Pre-Award costs – the costs must be identified as a separate line item in the estimate above, AND a completed HMGP Pre-Award Cost Request Form MUST be submitted with this application, detailing the items/cost requesting.

Mark all In-kind (donated) services with (\*\*); In-house (employee) services with (\*\*\*), per each line item.

All funding sources (In-kind, In-house, Global Match, and Other Agencies) must be identified (above) AND identified on the Funding Sources - Section IV I.

### G. Project Management Costs

Based on the amount of total project cost being requested in Part D (above), your project is eligible for up to an additional 5% of that amount for project management costs. Indicate below whether or not you would like to request these funds and follow the directions for your selected choice.

<b>Total Estimated Management Costs Available</b> (5% of Total Project Costs)  Note: This number will be generated automatically after Part I is completed			\$0.00		
YES, I would like to requests these funds (Fill out the itemized table below, then continue to Part I)*					
NO, I do not wish to request these fur	nds. (continue to Part I)*

<sup>\*</sup>Note: By selecting either "yes" or "no" the applicant is acknowledging that they understand what is being offered to them as it is described in this application.

<ol> <li>Funding Sources (re</li> </ol>	ound figures to the nearest dollar)
---	-------------------------------------

The maximum FEMA share for HMGP projects is 75%. The other 25% can be made up of State and Local funds as well as in-kind services. HMGP funds may be packaged with other Federal funds, but other Federal funds (except for Federal funds that lose their Federal identity at the State level, such as CDBG, and certain tribal funds) may not be used for the Non-Federal share of the costs.

### J. Project Milestones/Schedule of Work

List the major milestones in this project by providing an estimated time-line for the critical activities not to exceed a period of 3 years (36-months) of performance. (e.g. Contracting, Designing, Engineering, Permitting, Inspections, closeout, etc.)

Milestone(s)	Number of Months to Complete
То	otal Months

# Section V. Environmental Review and Historic Preservation Compliance

(NOTE: This application cannot be processed if this section is not completed.)

Because the HMGP is a federally funded program, all projects are required to undergo an environmental and historic preservation review as part of the grant application process. Moreover, all projects must comply with the National Environmental Policy Act (NEPA) and associated Federal, State, Tribal, and Local statutes to obtain funding. **NO WORK can be done prior to the NEPA review process. If work is done on your proposed project before the NEPA review is completed, it will NOT be eligible for Federal funding.** 

#### A. The following information is required for the Environmental and Historic Preservation review:

All projects must have adequate documentation to determine if the proposed project complies with NEPA and associated statutes. The State Environmental Staff provide comprehensive NEPA technical assistance for Applicants, with their consent, to complete the NEPA review. The type and quantity of NEPA documents required to make this determination varies depending upon the project's size, location, and complexity. However, at a minimum, provide the applicable documentation from this section to facilitate the NEPA compliance process. 1. Detailed project description, scope of work, and budget/costs (Section II and Section IV of this application). 2. Project area maps (Section III, part B & C of this application). 3. Project area/structure photographs (Section III, part C of this application). 4. Preliminary project plans. 5. Project alternatives description and impacts (Section V of the application). Complete the applicable project worksheets. Documentation showing dates of construction are required for all structures. 7. Environmental Justice – Provide any applicable information or documentation regarding low income or minority populations in the project area. See Section V.B of this application for details. 8. Provide any applicable information or documentation referenced on the *Information and Documentation* Requirements by Project Type below. B. Executive Order 12898; Environmental Justice for Low Income and Minority Population: 1. Are there low income or minority populations in the project area or adjacent to the project area? No Yes; describe any disproportionate and adverse effects to these populations: 2. To help evaluate the impact of the project, explain below or attach any other information that describes the

population, or portion of the population, that would be either disproportionately or adversely affected. Include specific

efforts to address the adverse impacts in your proposal narrative and budget.

10

# C. Tribal Consultation (Information Required)

Section 106 of the National Historic Preservation Act (NHPA) requires federal agencies to take into account the effect of their undertakings on historic properties. The NHPA requires that agencies must complete this process prior to the expenditure of any Federal funds on the undertaking. A Tribal Consultation is required for any project disturbing ground or moving soil, including but not limited to: drainage projects; demolition; construction; elevation; communication towers; tree removal; utility improvements.

tree	e rer	moval; utility improvements.	
1.		scribe the current and future use of the project location. A land use map may be provided in lieu of a written scription.	
2.	Pro	ovide information on any known site work or historic uses for project location.	
		Attach a copy of a city or county scale map (large enough to show the entire project area) with the horizontal limits (feet) and vertical depths (square feet) of all anticipated ground disturbance of 3 inches or more.	
Alt	ern	ative Actions (Information Required)	
as 1	the p	EPA process requires that at least two alternative actions be considered that address the same problem/issue proposed project. In this section, list <b>two feasible</b> alternative projects to mitigate the hazards faced in the area. One alternative is the "No Action Alternative".	
1.		Action Alternative cuss the impacts on the project area if no action is taken.	
2.	De:	Other Feasible Alternative Describe a feasible alternative project that would be the next best solution if the primary alternative is not accomplished. This could be an entirely different mitigation method or a significant modification to the design one current proposed project. Include a Scope of Work, engineering details (if applicable), estimated budget and impacts of this alternative. Complete all of parts a-e (below).	
	a.	Project Description for the Alternative  Describe, in detail, the alternative project, and explain how the alternative project will solve the problem(s) and/or provide protection from the hazard(s). Also, provide pros and cons for this alternative and a reason for why it was not selected.	
	b.	Project Location of the Alternative (describe briefly, if different from proposed project)	
		Attach a map or diagram showing the alternative site in relation to the proposed project site ( <i>if different from proposed project</i> )	
	C.	Scope of Work for Alternative Project	
	d.	Impacts of Alternative Project Discuss the impact of this alternative on the project area. Include comments on these issues as appropriate: Environmental Justice, Endangered Species, Wetlands, Hydrology (Upstream and Downstream Surface Water Impacts), Floodplain/Floodway, Historic Preservation and Hazardous Materials.	

D.

e. Estimated Budget/Costs for Alternative Project
In this section, provide details of all the estimated costs of the alternative project (round figures to the nearest dollar). A lump sum budget is acceptable.

#### **HMGP ENVIRONMENTAL REVIEW**

### Information and Documentation Requirements by Project Type

#### Retrofits to Existing Facilities/Structures

## **Elevations**

#### Acquisitions with Demolition

- ✓ Dates of Construction
- ✓ Ground disturbance map for projects with 3 inches or more of ground disturbance
- ✓ Structure photographs

## Drainage Improvements

- ✓ Engineering plans/drawings
- Permit or Exemption letter to address any modifications to water bodies and wetlands
  - o Department of Environmental Protection
  - o Water Management District
  - o U.S. Army Corps of Engineers
- ✓ Ground disturbance map for projects with 3 inches or more of ground disturbance.
- Concurrence from U.S. Fish and Wildlife addressing any impacts to wildlife, particularly endangered and threatened species and their habitats.
- ✓ If the project is in a coastal area, attach a letter from the National Marine Fisheries Service addressing impacts to marine resources.
- Concurrence from Natural Resource Conservation Service if project is located outside city limits and may impact prime or unique farmland.
- ✓ Concurrence from your Local Floodplain Manager if project is located in a floodplain.

Note: This is a general guideline for most projects. However, there will be exceptions. Consult with state environmental staff on project types not listed.

## **Section VI - Maintenance Agreement**

All applicants whose proposed project involves the retrofit or modification of existing public property or whose proposed project would result in the public ownership or management of property, structures, or facilities, must first sign the following agreement prior to submitting the application to FEMA.

The	of	, State of Florida, herelas a result of the attached project application, it will acce
responsibility, at its structures, or facilit shall include, but no and vermin; keeping	s own expense if ne- ies acquired or const it be limited to, such re g stream channels, cu	as a result of the attached project application, it will accessary, for the <b>routine</b> maintenance of any real propertructed as a result of such Federal aid. Routine maintenance sponsibilities as keeping vacant land clear of debris, garbag liverts, and storm drains clear of obstructions and debris; arees, and woody growth.
	is agreement is to r	nake clear the Sub-recipient's maintenance responsibilitie
following project av not replace, supers	vard and to show the ede, or add to any o	Sub-recipient's acceptance of these responsibilities. It does her maintenance responsibilities imposed by Federal law late of project award.
following project av not replace, supers regulation and whice	ward and to show the sede, or add to any o th are in force on the o	her maintenance responsibilities imposed by Federal law late of project award.

following project av not replace, supers regulation and whice	ward and to show the sede, or add to any o th are in force on the o	her maintenance responsibilities imposed by Federal law late of project award.

\*Note: The above signature must be by an individual with legal signing authority for the respective local government or county (e.g., the Chairperson, Board of County Commissioners or the County Manager, etc.)

## **HMGP Application Completeness Guidance/Checklist**

This guidance/checklist contains an explanation, example and/or reference for information requested in the application. Use this list to assure your application is complete and includes the required information for HMGP projects. The appropriate documentation must also be attached. It is important to note that this list is similar to the form that will be used during the application sufficiency review by the HMGP staff.

Pro	ject Title:			
App	olicant:			
	Application Information	Explanation of Information Required	✓	
Se	ection I			
В.	Applicant Information	tion		
FE	MADR-FL	Type in the four digit number FEMA assigned to the disaster that this application is being submitted under. (Example: 4337, 4283)		
DIS	SASTER NAME	Type in the Disaster name. (Example: Hurricane Irma, Tropical Storm Fay)		]
Tit	le of Project	The project title should include: 1) Name of Applicant, 2) Name of Project, 3) Type of Project. (Example: City of Tallahassee, City Hall Building, Wind Retrofit)		
1.	Applicant	Name of organization applying. Must be an eligible applicant.		bracket
2.	Applicant Type	State or local government, recognized Native American tribe, or private non-profit organization. If private non-profit, attach documentation showing legal status as a 501(C). (Example: IRS letter, Tax Exempt Certificate)		]
3.	County	Indicate county in which the project is located.		bracket
4.	State Legislative and Congressional District(s)	Specify the appropriate State Senate, House and Congressional District code for the <b>project site</b> . For multiple sites, list codes for each site. http://www.myfloridahouse.gov/sections/representatives/myrepresentative.aspx		]
5.		List the Federal Employer's Identification Number (FEIN), also known as Federal Tax Identification number, 9-digit code. May be obtained from your finance/accounting department.		]
6.	DUNS Number	Include Data Universal Numbering System (DUNS) number in appropriate location on application. Typically, this number can be obtain through your finance department. If not, use the link below to look up your entity. If none, exists you can use the same link to request one.  https://www.dnb.com/duns-number.html		]
7.	FIPS Code	List the Federal Information Processing Standards (FIPS) Code. May be obtained from your finance/accounting/grants department. If none, submit FEMA Form 90-49. See state website under the relevant disaster (https://floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/)		]
8.	NFIP ID Number	List the National Flood Insurance Program (NFIP) number. You must be a participating NFIP member to be eligible for HMGP funding. Make sure that the number is the same as the panel number on the FIRM provided with the application.		]
9.	Point of Contact	Provide all pertinent information for the point of contact. This person serves as the coordinator of the project. If this information changes once the application is submitted, please contact the HMGP staff immediately.		]
10.	Application Prepared By	Provide the preparer information. May be different from the point of contact (line 9) and/or the applicant's agent (line 11).		]
11.	Authorized Applicant Agent	An authorized agent must sign the application.  "An authorized agent is the chief elected official of a local government who has signature authority, so for a county it would be the Chairman of the Board of County Commissioners and for a municipality it would be the Mayor (the exact title sometimes varies). Any local government may delegate this authority to a subordinate official (like a City or County Manager) by resolution of the governing body (the Board of County Commissioners or Board of City Commissioners). If a local government delegates signature authority, a copy of the resolution by the governing body authorizing the signature authority for the individual signing must be provided."		]

		1
	For Private Non-Profit: A member of its Board of Directors or whoever has authority	
	to authorize funding for such a project. If this task is delegated down, a copy of a	
	resolution confirming this must be provided.	
12. LMS Compliance	<ul> <li>a) LMS Project List:         All proposed projects must be included in the county's Local Mitigation Strategy (LMS) Project List and must be on file with FDEM's Mitigation Bureau Planning Unit.</li> <li>b) LMS Endorsement Letter:         All proposed projects must include an endorsement letter from the county's Local</li> </ul>	
	Mitigation Strategy Coordinator. You may use 1 letter as long as it includes every proposed project. c) Estimated Costs & Application Costs:	
	The LMS Project List must include an Estimated Cost column and each HMGP project application must be within \$500.00 of that Project List's estimated cost. Also ensure that the Federal Cost Share indicated on the LMS Coordinator's Endorsement Letter exactly matches the Federal Cost Share indicated within the application. Ensure the LMS endorsement letter contains both the Total Estimated Projects Cost (Section IV. D.), along with the Estimated Federal Share (Section IV. I.1.) allocated to this project.	
	A letter of endorsement for the project and its priority number from the Local Mitigation Strategy Project List must be included. Refer to <b>Sample LMS Letter</b> . Applications without a letter of endorsement will not be processed. (44 CFR 201.6 Local Mitigation Plans)	
13. Previous	If the project has been previously submitted under another disaster, provide the	
Submittal	disaster number, the project number, and the title of the project.	

## Section II - Project Description

A. Hazards to be Mitigated/Level of Protection

1.	Type of Hazards	Type of Hazards the Proposed Project will Mitigate: Identify the hazard(s) that the proposed project will mitigate. More than one hazard may be selected.	
2.	Identify the Type of Project	Identify the Type of Proposed Project: Describe the mitigation project being proposed. (Example: drainage, wind retrofit, generator etc.)	
3.	Number of Persons Protected	Explain how many people will be protected by or benefit from the proposed project. (Example: A drainage project improving a residential area of 23 homes, with an average household of 2 people = 46 people)	
4.	Total Impacted Area	Explain how many acres will be impacted from the proposed project:  Drainage/Berm/Pond/Culverts/Flood hazard projects: combination of the area to be protected and ground disturbance must not exceed 25 acres.	
5.	Level of Protection	Specify the level of protection and magnitude of the event the proposed project will mitigate. Attach support documentation that verifies the stated level of protection. (Example: In a wind retrofit project, it will be the design wind speed to comply with the Florida Building Code requirements. In a drainage project, it will be the implemented design level, e.g. a 25-year FDOT design standard for culvert.)	
6.	Project Impact	Identify all the items the project may impact or are within the project area.	
7.	Engineered Projects (e.g. Drainage)	Include available engineering calculations, studies, and designs for the proposed project showing results from applied Recurrence Interval scenarios before and after mitigation. (Number of structures, building replacement value, depth of the water, structural damages, content damages, displacement, road closures, etc.)	

## B. Project Description, Scope of Work, and Protection Provided (Must be Completed in Detail)

1.	Existing Problem	Describe the existing problem, location, source of the hazard, and the history and extent of the damage. Include newspaper articles, insurance documentation, photographs, etc. If this project is eligible for PA (406) mitigation activities, describe the 406 activities.	
2.	Type of Protection	Determine how the funding will solve the existing problem and provide protection.	
3.	Scope of Work:	What the Project Proposes to Do: Determine the work to be done. The scope of work must meet eligibility based on HMGP regulations and guidance. Explain how the proposed problem will be solved. (NOTE: The proposed project must be a	

4.	On-Going or Proposed Projects in the Area	mitigation action, not maintenance.) Does the proposed project solve a problem independently or constitute a functional part of a solution where there is assurance that the project as a whole will be completed (44 CFR 206.434[c][4])? Does the proposed project address a problem that has been repetitive or that poses a significant risk to public health and safety if left unresolved (44 CFR 206.434[c][5][i])? Projects that merely identify or analyze hazards or problems are not eligible.  Determine if other projects, zoning changes, etc. are planned (particularly in the same watershed if flooding is being addressed) that may negatively or positively impact the proposed project. If there is a drainage project or downstream issue elsewhere, it may eliminate the current flooding issue, erasing the need for the proposed project. Response applies to drainage and acquisition projects. N/A is appropriate in wind retrofit shutter projects only. If this project is also being considered under the Public Assistance Program (406), describe in detail the 406 mitigation activities and/or services. Do not include project costs associated with this HMGP application.	
	ction III - Project L		
Α.	Site		
1.	Physical Location	List the physical location of the project site(s) including the street number(s), zip code(s) and GPS coordinates (latitude/longitude, in decimal degrees). The physical address must correspond with the address locations specified on maps submitted with the application.	
2.	Titleholder	Provide the titleholder's name.	
3.	Project Seaward of the CCCL?	Determine if the project site is located seaward of the Coastal Construction Control Line. https://floridadep.gov/water/coastal-construction-control-line	
4.	Number and Types of Structures Affected	Specify the number and type of properties affected by the project. (Example: Drainage project that affects 100 homes, 15 businesses and 2 schools.) What does the project protect? Should have a number next to the box that is checked. (See Section II, Item A.5 – detail of these totals)	
В.	Flood Insurance Ra	ate Map (FIRM) Showing Project Site	
1.	Copies of FIRM	Attach a copy (or copies) of the FIRM and clearly identify the project site. The FIRM Panel number must be included. To obtain a FIRM map, go to https://msc.fema.gov/portal. See instructions on How to make a FIRMette.	
2.	Flood Zone Determination	Specify the flood zone(s) of the project site(s). If project is located in a Special Flood Hazard Area. Amount of coverage must be equal to or greater than the amount of Federal mitigation funding obligated to the project.	
3.	Flood Hazard Boundary Map (FHBM)	Not required if a copy of the FIRM is attached.	
4.	Model Acknowledgement of Conditions form	The Model Acknowledgement of Conditions for Mitigation in Special Flood Hazard Area form is required for those structures receiving federal funds that will also remain in the special flood hazard area by the close of the project. This form is required at application. It can be found on FEMA's website at https://www.fema.gov/media-library/assets/documents/15677	
		ect Site and Photographs	
1.	City/County Map with Project Site	The project site and staging location (if applicable) should be clearly marked on a legible City/County map. The map should be large enough to show the project site.  More than one map may be required.	
2.	USGS TOPO with Project Site	The project site should be clearly marked on a legible USGS 1:24,000 TOPO map. To obtain a TOPO map, go to https://ngmdb.usgs.gov/topoview/	
3.	Parcel/Tax Map	A Parcel, Tax or Property Identification map is required <u>only</u> for acquisition and elevation projects. The location of the structure must be clearly identified.	
4.	Site Photographs	At least four photographs are required that clearly identify the project site. The photos must be representative of the project area, including any relevant streams, creeks, rivers, etc., and drainage areas that affect the project site or will be affected by the project. The front, back and both side angles are required for each structure. For acquisition and elevation projects, a photo taken away from the structure (in front toward the street, and in back toward backyard) to show the area along with	

## Section IV - Budget/Costs

Make sure all calculations are correct. Provide a breakdown of materials, labor and fees for the proposed project. Support documentation must be attached, i.e. vendor's quote, professional estimate (from engineer, architect, local building official, etc.). The proposed budget line items should represent allowable costs associated with the scope of work. Contingency Cost should be included as a line item in the budget section, and justified – Maximum allowed is 5%, and is required to complete this section; it will be used for the Benefit-Cost Analysis (BCA). Costs should be accurate, complete and reasonable compared to industry standards. Make sure the total cost is correct on the entire application.

				_
A.	Materials	List materials and their associated costs. Provide breakdown.		
B.	Labor	Provide a breakdown of description, hours, rate, and cost or lump sum labor cost.  Can use in-kind contribution as part of the 25% match. (Attach support documentation for in-kind, in-house to detail wages and salaries charged for any		]
		contribution. No overtime wages can be used to satisfy match contributions).		
C.	Fees Paid	Provide a breakdown of associated fees i.e., consultants, studies, engineering,		
		permits, and project management. Maintenance is not an allowable cost under HMGP. <i>Pre-award costs may be requested</i> (See Pre-award Costs guidance).		
D.	Total Estimated	This number includes all project costs without contingency costs included. Make sure		Τ
	Project Cost	all calculations are correct.		J
	Contingency Cost	Per FEMA's HMA Guidance (Section VI Part D.3.4), a contingency cost is, "an allowance in the total cost estimate to cover situations that cannot be fully defined at the time the cost estimate is prepared but that will likely result in additional eligible costs. Allowances for major project scope changes, unforeseen risks, or extraordinary events may not be included as contingency costs."  The applicant may request up to 5% of material/labor costs. As with other line items, the applicant must justify these contingency costs based on the nature of the project at application.  If an applicant wants to include contingency costs, they will need to enter the percentage that they require as well as what amount they want that percentage to be applied to. Type the resulting calculation in the final cell on the right. These cells will <b>NOT</b> auto-calculate. Be sure that they are calculated correctly.		]
F.	Final Project Cost	This number includes any contingency costs that were requested. The final BCA will use this number in its final calculation.		]
G.	Project	After reading the guidance provided on pg. 5, select either <b>YES</b> or <b>NO</b> to indicate		1
	Management	your need for management costs for this project.		•
	Costs	If YES, provide a breakdown of description, hours, rate and costs for requested		
		management costs. If <b>NO</b> , continue to Part I.		
ш	Total Estimated	This will auto complete based on what is entered into the cost cells above. Your		1
п.		request must not exceed 5 percent of the total project cost available for this project.		]
	Management	request must not exceed a percent of the total project cost available for this project.		
	Costs Requested		1	

## I. Funding Sources (round figures to the nearest dollar)

The proposed sources of non-federal matching funds must meet eligibility requirements. (Except as provided by Federal statute, a cost-sharing or matching requirement may not be met by costs borne by another Federal grant.) 2 CFR Part 200.306.

1.	Estimated Federal Share	The estimated Federal share is generally 75%. If the Federal share is not 75%, assure actual amount is entered. It could be 50.1234% or 35.1234%, etc. of the total dollar amount of project depending on county LMS allocation and priority. This figure cannot exceed 75%.	
2.	Non-Federal Share	May include all 3 sources, i.e. cash, in-kind and global match, as long as the total is a	
		minimum of 25%. Match cannot be derived from a federal agency except Federal	
		funds that lose their federal identity (e.g., CDBG funding and certain tribal funding).	
3.	Cash	Cash- Local funding will be utilized for the non-federal share. Enter amount of cash	
		and percentage of total that amount represents.	
4.	Total In-Kind	May use materials, personnel, equipment, and supplies owned, controlled and	
		operated from within governing jurisdiction as an in-kind match. Third party in-kind	
		contributions would be volunteer services, employee services from other	

		organizations furnished free of charge, donated supplies, and loaned equipment or space. The value placed on these resources must be at a fair market value and must be documented. If in-kind is claimed from outside the applicant jurisdiction, it must be cash only. ** Identify proposed eligible activities in Section IV B. and C. as a separate line with In-kind written as a part of the description.	
5.	Total In-house	Sub-Recipient employees, equipment, etc. – internal services (must utilize the Personnel Activity Report or the Equipment Activity Report for the Request for Reimbursement)	
6.	Total Project (Global) Match	Project (global) match must 1) meet all the eligibility requirements of HMGP; and 2) begin after FEMA's approval of the match project. A separate HMGP application must be submitted for global match projects. Indicate which project(s) will be matched. The global match is not required to be an identical project. Projects submitted as global match for another project must meet the same period of performance time constraints as the HMGP.	
	Other Agency Share	Identify Non-Federal Agency and availability date; provide the documentation from the agency. (e.g., CDBG funding, and certain tribal funding)	
	Total Funding	Total must represent (100%) of the total estimated project cost. Ensure that percentages match corresponding cost-shares and the total matches the Budget (in Section IV. F Total Estimated Project Cost).	
9.		Your requested amount must be equal to or less than 5 percent of the total project cost	
J.	Project Milestones	Schedule of Work	
1.	Milestones (Schedule)	Identify the major milestones in the proposed project and provide an estimated time- line (e.g. Designing, Engineering – 3 months, Permitting – 6 months, Procurement – 30 days, Installation – 6 months, Contracting – 1 month, Delays, Project Implementation, Inspections, Closeout, etc.) for the critical activities not to exceed a period of 3 years (36-months) for performance. Milestones should not be grouped together but listed individually. Allot for the appropriate amount of time for final inspection and closeout (about 3 months).	
No	work can begin prior to	nental Review & Historic Preservation Compliance the completion of the environmental (NEPA) review. In order for the Environmental staff all sections listed below must be completed.	f to
1.	Description, SOW & Budget	Detailed Project Description, Scope of Work & Budget/Costs. Complete Sections II & IV of the application.	
2.	Area Maps	Project area Maps - Attach a copy of the maps and clearly mark the project site, and place the specific project structure(s) on map(s). Complete Section III, part B & C of the application.	
3.	Project Area/Structure Photographs	Complete Section III part C of the application.	
4.	Preliminary Project Plans	For shutters see the scope of work and for drainage & elevation see engineering drawings.	
5.	Project Alternatives	Complete Section V part D. of this application.	
6.	Project Worksheets	Dates of construction are required for all structures. See worksheets.	
7.	Environmental Justice Documentation	See Section V.B for applicable information.	
8.	Information/ Documentation Requirements by Project Type	Provide any of the required documentation as listed at the end of Section V in the Information and Documentation Requirements by Project Type that may have already been obtained.	
		898, Environmental Justice for Low Income and Minority Population	
1.	Disproportionate Effects	Determine if there are populations in either the project zip code or city that are characterized as having a minority background or living below the poverty level. If yes,	$  \sqcup  $

		complete the rest of Section V, part B. Describe any disproportionate effects that these	
		populations would experience if the project were completed.	
2.	Population	Describe the population affected by this project and the portion of the population	Ш
_	Affected	adversely impacted. Attach any documentation and list the attachments here.	
<u>C.</u>		ed for Tribal Consultation	
	Documentation for Tribal Consultation	For all projects with any ground disturbing activities of 3 inches or more, complete Section V part C.	
		·	
D.	Alternative Actions	<b>S</b>	
1.	No Action	Discuss the impacts on the project area if no action is taken.	
	Alternative		
2.	Other Feasible	This is a FEMA and FDEM requirement for any Application Review. A narrative	
	Alternative Action	discussion of at least three project alternatives (from No Action to the most effective, practical solution) and their impacts, both beneficial and detrimental is required. It is	
		expected that the jurisdiction has completed sufficient analysis to determine the	
		proposed project can be constructed as submitted and it supports the goals and	
		objectives of the FEMA approved hazard mitigation plan. Has the proposed project	
		been determined to be the most practical, effective and environmentally sound	
		alternative after consideration of a range of options? (44 CFR 206.434[c][5][iii])	
a.	Project Description	It is very important and a requirement that an Alternative project is submitted.	
	Description	NEPA requires that at least three alternatives must be presented to mitigate the problem. In addition to the proposed action and no action, one other <b>feasible</b>	
		alternative must be provided.	
b.	Project Location of	Describe the surrounding environment. Include information regarding both natural	
	the Alternative	(i.e., fish, wildlife, streams, soils, plant life) and built (i.e., public services, utilities,	
		land/shoreline use, population density) environments.	
C.	Scope of Work –	Describe how the alternative project will solve the problem and provide protection	
	Alternative Project	from the hazard. Provide enough detail to describe the project for the evaluation panel to decide the best course of action for the state. Include any appropriate	
		diagrams, sketch maps, amount of materials and equipment, dimensions of project,	
		amount of time required to complete, etc.	
d.	Impacts of the		
	Alternative Project		
e.	Estimated	Total cost is required.	
	Budget/Costs for the Alternative		
	Project		
	Materials, Labor,	Detailed line items are not required. Just enter a total amount.	
	and Fees Paid	·	
	Total Estimated	Total cost is required. Vendor quote is not required. A lump sum budget may be	
	Project Costs	submitted as justification to why this alternative was not chosen.	
Se	ction VI - Mainten	ance Agreement	
	Maintenance	Complete, sign and date the maintenance agreement. The maintenance agreement	
	Agreement	must be signed by an individual with signature authority, preferably the authorized	
		agent.	
Ot	her Required Doc	umentation	
		.org/dem/mitigation/hazard-mitigation-grant-program/ for additional documents	
1.	Maps	All maps must be included with the application.	
_			
2.	FFATA Form	During contracting with the state, complete, sign and date the FFATA Project File	
		Form. Instructions are provided for your convenience in the document provided. <b>This</b> is not required at the time of application submittal.	
3.	SFHA	Required for all projects in the Special Flood Hazard Area. Read and sign the SFHA	$\vdash \sqcap$
-	Acknowledgement	Acknowledgement of Conditions document. This form must be notarized, signed by	
	of Conditions	the local jurisdiction and the property owner.	
4.	Pre-award Cost	If pre-award costs are being requested with your project, be sure to identify all pre-	
	Form	award costs in the application budget per instructions. The pre-award cost form must	
l		be completed and submitted with your application.	1

5.	Request for Public	Applicable if no FIPS number is assigned to applicant/recipient.	
•	Assistance Form	great to approach to the control of	
6.	Model Statement of Assurances for Property Acquisition Projects	For Acquisition projects only.	
7.	Declaration and Release	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	
8.	Notice of Voluntary Interest	For Acquisition projects only. Two forms are available for your convenience. Use the form that is most appropriate to your situation. Must be signed by all persons whose names are on the property deed.	
9.	Statement of Voluntary Participation for Acquisition of Property for Purpose of Open Space	For Acquisition projects only. Must be signed by all persons whose names are on the property deed.	
10.	. Worksheets	The appropriate worksheet(s) must be completed and submitted with the application.  a. Flood Control – Drainage Improvement b. Generator c. Tornado Safe Room d. Hurricane Safe Room e. Wind Retrofit f. Wildfire g. Drought	

<sup>\*</sup>Submit 1 original (signed) and 1 full copy of the entire application and backup documentation. Include a full copy of the submittal and all documentation on CD or thumb drive.

## **Attachment Index**

Use the following template to list any supporting documentation that is **included on the CD or flashdrive**. Clearly and concisely label each attachment on this form to correspond with the file name on the CD or flashdrive. In the first column list which section and item (from the HMGP application) the attachment refers to. *Example: Section 2, Item 1.* If any required documentation is not included on the CD or flashdrive, the application will be considered incomplete and *will not* be considered for possible funding.

### **Sub-Recipient Management Cost Request Form**

Any applicant requesting sub-recipient management cost (SRMC) in their application for their project must include a completed SRMC request form at application. This form is available on the FDEM's HMGP site at the link provided. The form itself is underneath the "Application" dropdown menu and contains SRMC forms for phased and non-phased projects, guidance and reference information, and sample forms for phased and non-phased projects. If you have any questions regarding this form, please email the HMGP distribution list at <a href="mailto:DEM\_HazardMitigationGrantProgram@em.myflorida.com">DEM\_HazardMitigationGrantProgram@em.myflorida.com</a>.

https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/

The following pages are an excerpt from a larger document, the **Florida Division of Emergency Management Grants Management Community User Training Guide**. The full text can be found on our State HMGP website, linked below, under the "Application" dropdown menu. Additional training will be scheduled for community users on how to use this new system.

https://www.floridadisaster.org/dem/mitigation/hazard-mitigation-grant-program/

# Requesting access

- 1. URL: https://www.fdemportal.com/grants
- 2. The "Register" link will allow you to complete the required contact information to log in to the Florida DEM Grants Management Community Portal. Typically, your email address is also your username. Be sure to remember the password that you set on the initial Sign Up page.

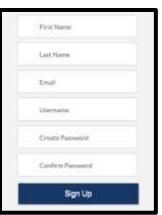

4. The next "**Register for Access**" screens require more information to update your Contact

record and indicate the Organization Account for access purposes. Complete the requested information (red asterisk \* means required field) and click the Next button at the bottom of each page until you receive the following message:

This will submit your Contact information for approval by Florida DEM. You will receive email communication from Florida DEM about access to your Organization's account.

If the "Register for Access" page is presented when you login to the community, it means that your request for access is still in the queue for processing by Florida DEM.

# **Community Home Screen**

After the user has been granted access by Florida DEM personnel to one or more Organization Accounts, the logged in user will see the Florida DEM Grants Management home page described below:

- 1. Community header provides quick links to return to the HOME screen, the Applications list screen, Agreements list, and Projects list
- 2. **Preparedness Grants**: Provides additional information regarding preparedness grants
- 3. **Recovery Grants**: Provides additional information regarding recovery grants and clickable links into recovery grant applications

- 4. **Response Grants**: Provides additional information regarding response grants
- 5. **Mitigation Grants:** Provides additional information regarding mitigation grants.

To update password, contact or user information, navigate to the person icon in the upper right hand corner. Select "My Profile" to make edits and "Save"

# Mitigation

## Submitting a new HMGP application (Hazard Mitigation Grant Program ONLY):

An external user logs into the Community and

- Clicks the Hazard Mitigation Grant Program link to create their application for a specific grant.
- An automated process walks the applicant through a series of questions to generate the application record.

3. When finished, the application appears with each section to be completed.

- a. As each section is complete and "Saved", it will turn green. Clicking "Cancel" while in a section will not save entered data
- b. Upon ALL sections being complete/green, the Submit button will turn blue and be clickable.

Application sections:

- i) **Applicant Information**: Complete requested fields/information
  - (1) \*NOTE\* *Authorized Applicant Agent:* This is the individual who will receive a completed application for signature to be submitted to FDEM. Options: Checkbox: I am the authorized agent (Application Prepared By individual), OR Name, Title, Address information for someone OTHER than individual preparing.

- ii) **Project Description**: Complete requested fields/information
  - (1) \*Note that some questions are multiple select with boxes marked "Available" and "Chosen." For the Available options you want, highlight and use the arrow to move it to the "Chosen" box.
- iii) **Project Location(s)**: Complete requested fields/information
- iv) Budget/Costs: Complete requested fields/information
  - (1) \*NOTE\* Budget amounts must equal Funding Source Amounts.

    Percentage of each Funding Source is auto-calculated upon updating the table after amounts are entered.

- (2) Be sure to click the "Update" button located at the bottom of the Budget table and the Funding Sources table.
- v) **Environmental Review and Historic Preservation Compliance**: Complete requested fields/information
- vi) Attachments: There are 8 required documents that must be uploaded prior to submittal. To attach the required document, select the appropriate document from the files drop down list, click "Upload" to attach the file from your local computer. After the upload is complete, the document file name will appear and the required document checkbox will be marked true.

c. Submit: Upon completion of all Application sections, click Submit. This will send an email to the "Authorized Applicant Agent" for signature on the application.
