The **First 90 Days**

A quick guide to the Hazard Mitigation Grant Program timeline

**Presidential Declaration**

- Meet with Local Mitigation Strategy (LMS) Working Group.
- Solicit projects from jurisdictions.
- Ensure new projects are placed on the LMS project list.
- Choose projects from the LMS project list to focus on. Preferably ones that vary in budget.
- Prioritize the selected projects in the order that you want them funded. (you may want them ordered differently than your LMS project list)
- Ensure each project has an endorsement letter from the Chairperson or Vice Chairperson of the LMS Working Group to accompany the project, if it is chosen.
- Begin working on applications as much as possible.

**Suggested County Actions**

**Ask Questions**

- Ask Often

**Check State website for any updated forms and information.**

**Notice of Funding Published along with 90-day estimate.**
