

What is the DRA?

The **Disaster Readiness Assessment (DRA)** is a **questionnaire** that aims to identify how well your organization is **prepared for Recovery**.

All DRA questions are broken down into five sub-categories:

Applicant
Experience

Policy and
Procedure

Documentation

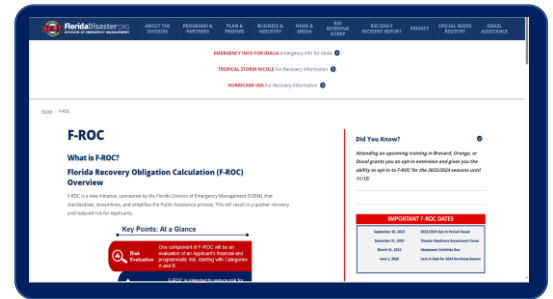

Procurement

Contract
Administration

Here's how you can benefit from completing the DRA:

- ✓ Completing the DRA enables you to **increase your overall F-ROC score**, and therefore your ability to recover a higher percentage of funding upfront.
- ✓ Completing the DRA enables you to **identify risks** in your organization.
- ✓ Completing the DRA offers **abatement plans** to help address risks.

For more information on F-ROC, to complete your DRA, or review additional materials, visit the F-ROC website:
<https://www.floridadisaster.org/froc>

Whether you have opted-in or not, take advantage of the simplified, easy to use F-ROC forms:

Cover Pages

Forms will have cover pages with a purpose and detailed description of each field.

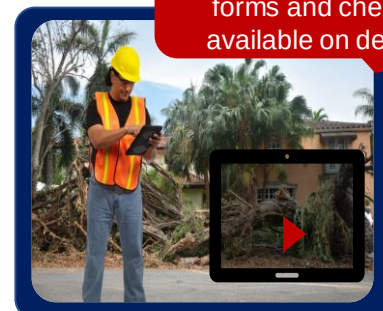

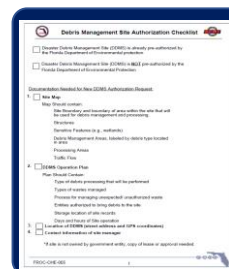

Multiple Formats
Available in PDF and Excel.

Updated Checklist

Checklists will cover most items that are required for successful reimbursement.

On Demand

Training videos for all forms and checklists available on demand.
